# Lavender Lady's Benefit

The notes below supplement the contents of this leaflet and aim to provide a better explanation of **Lavender Lady's Benefit**.

## Notes:

1. After the total maximum benefit amount of the Lavender Lady's Benefit is paid, the entire rider benefit, including the Carnation Pregnancy Cover, will terminate.
2. The interest-free extended grace period can be claimed only once per policy and only after this rider benefit has been effective for 2 years. If you have arranged a loan from your policy, the interest-free extended grace period is not applicable.
3. The premium will not decrease even some of the coverage ends after the maximum benefit amount is paid.
4. Renewal and premiums are not guaranteed. However, premium rates applied on this rider benefit anniversary will not change for at least 12 months.

## Key Product Risks:

1. Premium of this rider benefit is expected to increase with age, and may be reviewed and adjusted from time to time, in order to reflect the experience and change in future expectation. We reserve the right to adjust the premium for any group of insureds with similar risk profiles at every benefit anniversary during the premium payment term. Factors include but not limited to the following would be considered and reflected during the review:
  - a. Claim costs incurred under this rider benefit and the expected claim costs in the future
  - b. Expenses directly related to and indirect expenses allocated to the rider benefit
2. We will renew this rider benefit automatically at each benefit anniversary for another benefit year provided that premiums are paid on the premium due date. If you do not pay a premium on or before the premium due date, a grace period of 31 days (or extended grace period of not more than 6 months, if applied and granted) from its due date will be allowed for the payment, during which time this rider benefit will continue in effect. If a premium has not been paid to us by the date on which the grace period expires, the rider benefit will lapse automatically on the due date.
3. This rider benefit is not guaranteed renewable, and we may discontinue this rider benefit on a 30-day written notice to you.
4. For Lavender Lady's Benefit, we have the right to terminate the rider benefit upon the earliest of the following:
  - a. premium is still unpaid and the grace period expires;
  - b. the insured passes away;
  - c. the insured attains age 75;
  - d. the date on which the Basic Plan/life coverage, to which it is attached, is terminated; or
  - e. the date on which an aggregate amount equal to 100% of the Sum Assured is payable by us as one or more claims under the Critical Illness and/or Back-To-Beauty Benefit.

For Carnation Pregnancy Cover, we have the right to terminate the rider benefit upon the earliest of the following:

- a. premium is still unpaid and the grace period expires;
  - b. the insured passes away;
  - c. the insured attains age 45;
  - d. the date on which the Basic Plan/life coverage, to which it is attached, is terminated;
  - e. the date on which the Lavender's Lady Benefit relating to the same Basic Plan/life coverage is terminated; or
  - f. the date on which an aggregate amount equal to 100% of the Sum Assured is payable by us as one or more claims.
5. Any transaction involving conversion between policy currency and other currencies would be exposed to foreign exchange risks such as the fluctuation in exchange rate against policy currency.
  6. The cost of living in the future is likely to be higher than it is today due to inflation, so the benefit may be insufficient to meet your needs even if we meet our contractual obligation. You should hence consider the impact of inflation when you plan the benefit.
  7. This rider benefit is an insurance policy issued by Sun Life Hong Kong Limited and your benefits are subject to the paying ability of Sun Life Hong Kong Limited. In the event that we become insolvent and unable to meet the contractual obligation under the policy, you may lose all or part of your premiums paid and benefits.
