**Sun Life Hong Kong Limited**  
(Incorporated in Bermuda with limited liability)

Wouldn't it be great if

**you and your family could enjoy a brighter future without worrying about juvenile or critical illnesses like cancer?**

When it comes to planning a bright future for you and your family, nothing is certain – especially in these challenging times. An unfortunate event striking unexpectedly, such as a juvenile or critical illness like cancer, could instantly set you back financially. In 2020, 8 cancer cases were newly diagnosed every minute in China alone. Even if you already have medical coverage in place, protection gaps could still exist, as some critical illnesses are known to recur after treatment. There are also rising medical inflation and living costs to consider.

This is where Sun Life steps in – your trusted partner for life's journey and achieving life's dreams. On top of offering the most comprehensive protection for juvenile illnesses in the market today, **SunHealth LovePromise** includes the first-in-the-market Family Protection Enhancer Benefit to further safeguard families with a history of cancer, along with extra benefits for designated cancers to give you and your loved ones the financial support needed to focus on recovery<sup>1</sup>.

Remark:

1 This is based on market conditions as of January 2022 and comparison among other critical illness plans for new Composite and Long Term Businesses as defined by the Insurance Authority in the Register of Authorized Insurers.

# How can SunHealth LovePromise help you?

As a parent, one of the worst fears you could have is illness in the family, particularly if it involves your child(ren) or yourself as the major income earner. On top of the physical and emotional toll they take, juvenile or critical illnesses can result in a heavy financial strain that, in many cases, lasts long into the future.

## The most comprehensive juvenile illness coverage in the market

**SunHealth LovePromise** provides the most comprehensive juvenile illness coverage in the market for up to 32 juvenile illnesses for extra peace of mind.

## The first-in-the-market benefits<sup>1</sup> against cancer

## Key Features

# 1. Comprehensive and innovative protection for children for extra peace of mind

Should your child(ren) be stricken by an illness or injury, it becomes even more important for you to have access to immediate financial support so they can get optimal medical treatment. That's why **SunHealth LovePromise** offers the most comprehensive juvenile illness coverages in the market for up to 32 juvenile illnesses across Congenital Disorders, Mental and Developmental Disorders, Respiratory Disorders, Accidental Disorders, and Infectious Disorders, to relieve undue stress on your family in crucial times. Under **SunHealth LovePromise**, the Precious All-in-one Juvenile Benefit is payable upon diagnosis of any juvenile disease in the section of "Table of Juvenile Illness Conditions".

## Did you know?

### Congenital Disorders

There are several different types of Haemophilia. Haemophilia A and Haemophilia B are the most common. Haemophilia A is about 4 times as common as Haemophilia B. Haemophilia affects people from all racial and ethnic groups.

### Respiratory Disorders

Asthma is the most common chronic disease among children. It affected an estimated 262 million people and caused 461,000 deaths in 2019. **SunHealth LovePromise** covers Severe Asthma.

### Infectious Disorders

Hand, Foot and Mouth Disease (HFMD) is common in children. HFMD caused by enterovirus 71 is more likely associated with severe complications and even death. It has become a major public health issue, especially in Asia.

### Mental and Developmental Disorders

The prevalence of Attention Deficit/Hyperactivity Disorder (ADHD) among Hong Kong school children is around 5-9%. It usually affects males more than females.

### Accidental Disorders

Bites from insects usually cause pain, swelling, redness, and itching at the site of the bite. Some people have severe reactions to the toxin injected by insect.

## Family Protection Enhancer Benefit

What's more, with the first-in-the-market Family Protection Enhancer Benefit<sup>2</sup>, you can also enjoy an added cancer cover of **25% of the Original Sum Assured** on your child's policy without further underwriting and extra premium upon your cancer diagnosis.

Remark:

- 2 The Family Protection Enhancer Benefit is subject to the following conditions:
- (i) the insured under the child insured's SunHealth LovePromise policy is below the age of 18 upon the policy issue date;
  - (ii) the parent insured's policy number is provided in the application form of the child insured's policy and/or the child insured's policy number is provided in the application form of the parent insured's policy. The applications of both SunHealth LovePromise policies are submitted within 90 days from each other;
  - (iii) the insured under the parent's policy is below the age of 65 upon diagnosis of cancer and the Major Stage Critical Illness Benefit under the parent's policy is payable; and
  - (iv) the parent's policy can execute Extended Coverage to a corresponding insured child's policy once only.

## 2. Multiple coverage for different stages of critical illness to minimize financial burdens

When it comes to critical illnesses, the journey can often be long and unpredictable – making it difficult for you to prepare for the challenges at each stage. Certain diseases are also prone to recurring, which is why adequate coverage is essential to provide your family with financial assurance every step of the way. Under **SunHealth LovePromise**, the Early Stage Critical Illness Benefit, Major Stage Critical Illness Benefit and Major 3 Protection Benefit are designed to protect you against all possibilities as underlined by the table below.

### Early Stage Critical Illness Benefit

**25% of the Original Sum Assured** is payable upon diagnosis of any one of the Early Stage Critical Illness in the “Table of Major Stage Critical Illness Conditions and Early Stage Critical Illness Conditions” with a maximum limit of HKD400,000/USD50,000 per life for selective Early Stage Critical Illnesses under all **SunHealth LovePromise** policy(ies) issued by Sun Life for the same insured, for each claim.

Each Early Stage Critical Illness can be claimed once only, except in the following cases:

- Carcinoma-in-situ of different organs (Carcinoma-in-situ of the skin, including melanoma-in-situ, are excluded) and Early Malignancy (Early Stage Cancer of the Prostate/Early Stage Papillary Carcinoma of Thyroid and Non-melanoma Skin Cancer of AJCC Stage II or above) at different sites: Up to 2 claims in total
- Angioplasty and Other Invasive Treatments for Coronary Artery Disease: Up to 2 claims in total

This benefit terminates once the Current Sum Assured<sup>4</sup> is reduced to zero.

### Major Stage Critical Illness Benefit

**100% of the Current Sum Assured** is payable upon the diagnosis of any one of the Major Stage Critical Illnesses in the “Table of Major Stage Critical Illness Conditions and Early Stage Critical Illness Conditions”.

Each Major Stage Critical Illness can be claimed once only.

The Current Sum Assured, Guaranteed Cash Value and Special Bonus of this basic plan will be reduced to zero upon the date of approval of the Major Stage Critical Illness Benefit claim.

Remark:

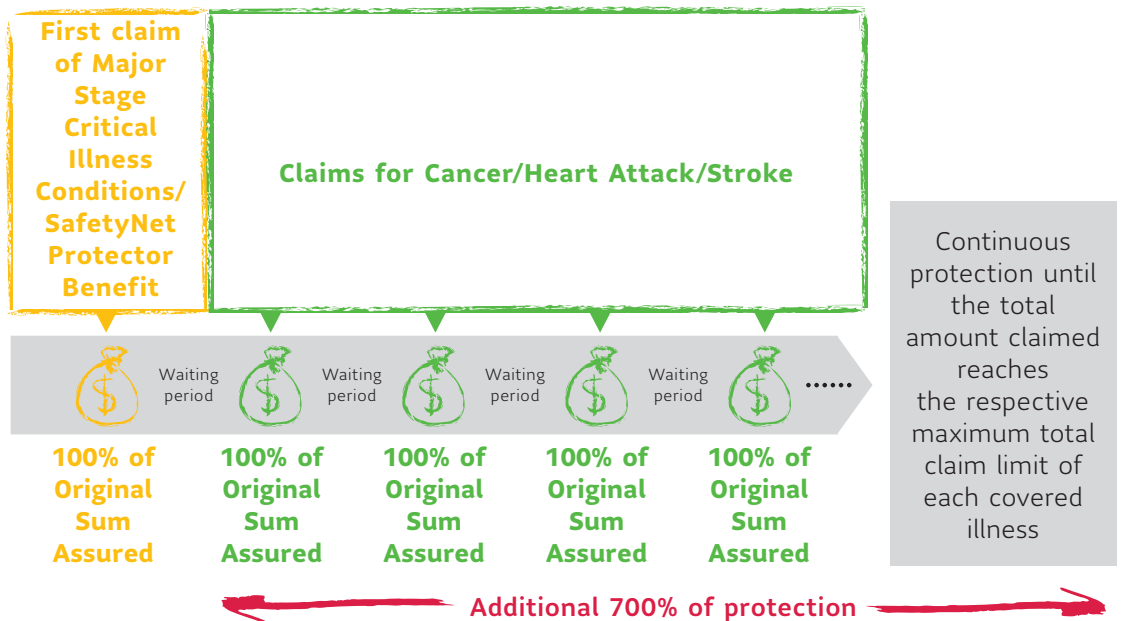

4. Current Sum Assured means the Original Sum Assured, less the total amount of Sum Assured paid under the Early Stage Critical Illness Benefit and/or Precious All-in-one Juvenile Benefit. The Current Sum Assured will be reduced to zero after the approval date of the Death Benefit, Major Stage Critical Illness Benefit or SafetyNet Protector Benefit claim. The Guaranteed Cash Value and Special Bonus will be simultaneously reduced to zero if the Current Sum Assured is reduced to zero under any circumstances. The Current Sum Assured will be reduced accordingly if partial surrender.

**Major 3 Protection Benefit**

It's common for critical illnesses to strike more than once, with some illnesses such as Cancer, Heart Attack and Stroke being likely to recur. To regain control over these unfortunate mishaps, **SunHealth LovePromise** provides additional coverage for you even after the Major Stage Critical Illness Benefit has been paid and the Current Sum Assured is reduced to zero. This benefit provides you with timely and critical financial resources so you can focus on your rehabilitation.

**100% of the Original Sum Assured** is payable each time the insured is diagnosed with Cancer, Heart Attack or Stroke<sup>5</sup>. The maximum total claim limit of these 3 illnesses is up to an **additional 700%<sup>6</sup> of the Original Sum Assured**, as illustrated below.

- The date of diagnosis of Cancer, Heart Attack or Stroke of a multiple claim shall be at least 1 year from the surgery date of the immediately preceding approved claim for the SafetyNet Protector Benefit, or the date of diagnosis of the Major Stage Critical Illness Condition of the immediately preceding approved claim for the Major Stage Critical Illness Benefit or Major 3 Protection Benefit.
- The insured shall have survived for a period of at least 14 days from the date of diagnosis of Cancer, Heart Attack or Stroke.
- Waiting period for cancer: At least 3 years if the new cancer or subsequent cancer is a continuation or recurrence of the Preceding Cancer.
- Please refer to the Benefit Schedule for details of the maximum total claim limit of each covered illness.

Remarks:

5. If the preceding approved claim for the Major Stage Critical Illness Benefit or the Major 3 Protection Benefit is Heart Attack or Stroke, the subsequent claim for the Major 3 Protection Benefit should be a new Heart Attack or Stroke. If a claim for Preceding Cancer of prostate has been paid under Major Stage Critical Illness Benefit or Major 3 Protection Benefit under the basic plan, and a Persistent Cancer of prostate is related to or is a continuation of this Preceding Cancer of prostate with the date of the diagnosis of such Persistent Cancer after the insured's age of 70, the Major 3 Protection Benefit of such Persistent Cancer shall be payable only on the condition that the insured has received or has been receiving an Active Treatment on the recommendation of a Specialist. The Active Treatment must be Medically Necessary and performed between the date of diagnosis of the Preceding Cancer and the date of diagnosis of the Persistent Cancer.
6. Assuming the first critical illness claim of the policy is not from Cancer, Heart Attack or Stroke. Otherwise, the maximum total claim limit of these 3 illnesses under this policy is up to an additional 600% of the Original Sum Assured.

## 3. Enhanced cancer care benefits to overcome challenging times

With a total of over 19 million new cases diagnosed worldwide in 2020, cancer is a disease that affects a large proportion of the global population – and the numbers are set to rise. To maximize your chances of survival and recovery without severely impacting your quality of life with your family, we offer reinforced cancer coverage to fill the protection gaps of increasing treatment costs.

### Extra Benefit for Designated Cancers

Although general treatment costs are already expensive, certain cancers require even more financial commitment due to new drugs and therapy options. Under **SunHealth LovePromise**, an additional **50% of the Original Sum Assured** is payable upon the diagnosis of designated cancers including Leukaemia, Lymphoma, Cancer on Brain and Cancer on Bone. This benefit covers the insured until age 100 and is only payable once during the policy term.

### Extra Cancer Treatment Benefit

As an additional means of support, **SunHealth LovePromise** will provide you with extra **25% of the Original Sum Assured** after the Major Stage Critical Illness Benefit or Major 3 Protection Benefit is paid to help subsidize your treatment and living costs further as your family undergoes difficult times. The Extra Cancer Treatment Benefit will be payable:

- at least 1 year but less than 2 years after the date of diagnosis of the Preceding Cancer claim; and
- at least 2 years but less than 3 years after the date of the diagnosis of the Preceding Cancer claim.

Provided the insured is still suffering from cancer and receiving Active Treatment or End-of-life Care for cancer,

- For each Major Stage Critical Illness Benefit or Major 3 Protection Benefit claim, a maximum of **50% of the Original Sum Assured** (25% x 2 years) is payable.
- For each policy, a maximum of **150% of the Original Sum Assured** (payable up to 6 times) is payable.

### Prime-Age Cancer Benefit

If you are the sole breadwinner of your household or are of prime parenting age, your income would be a major source of financial support for your family's daily expenses, housing payments and children's education. To minimize the drastic impact of income disruption and extra financial burden that a cancer diagnosis could cause, **SunHealth LovePromise** offers an extra **50% of the Original Sum Assured** if the insured is diagnosed with cancer in his/her prime between the ages of 25 and 50. This benefit is subject to a maximum limit of HKD400,000/USD50,000 per life under all **SunHealth LovePromise** policy(ies) issued by Sun Life for the same insured.

## 4. Advanced support for complex surgeries and income loss

### SafetyNet Protector Benefit

As life is full of uncertainties, you need to be prepared for any emergency. Should you not have the funds set aside for sudden events like surgeries, it could mean tapping into the savings you originally planned for other purposes, including your children's future and a comfortable retirement, as some Complex Surgical Procedures<sup>7</sup> are not covered in critical illness insurance plans. **SunHealth LovePromise** offers a SafetyNet Protector Benefit that provides a maximum of **100% of the Current Sum Assured** if the insured undergoes a Complex Surgical Procedure in a hospital due to an injury or an illness which is not payable under any other benefits in this plan.

### Optional CI Income Plus

To provide an additional cash subsidy for your loved ones as you battle your illness or should you pass away, **SunHealth LovePromise** provides you with an optional CI Income Plus<sup>8</sup> to enhance the Death Benefit, Major Stage Critical Illness Benefit and SafetyNet Protector Benefit with up to **100% of the Original Sum Assured** of your basic plan. This optional rider benefit offers protection for the whole life of the insured with the same premium payment term as the basic plan. Optional CI Income Plus will be terminated once the Death Benefit, Major Stage Critical Illnesses Benefit and/or SafetyNet Protector Benefit is paid or the basic plan is terminated. You will have the flexibility to choose between a lump-sum payment or monthly/annual installments over 3 years upon submitting the relevant claim on Major Stage Critical Illness Benefit and/or SafetyNet Protector Benefit to us, so you can rest assured your family will be supported when they need it most.

#### Remarks:

7. A Complex Surgical Procedure means a surgical procedure that is listed under the Schedule of Surgical Procedures which is available at [www.sunlife.com.hk/sunhealthlovepromise-en](http://www.sunlife.com.hk/sunhealthlovepromise-en).
8. Rider benefits are subject to additional premium and terms and conditions of the relevant rider benefits.

# What's more?

On top of the key features, **SunHealth LovePromise** includes the following additional benefits as extra safeguards:

## Enhanced Benefit 10<sup>9</sup> for your extra peace of mind

Enhanced Benefit 10 provides an additional **50% of the Current Sum Assured** when the following benefits become payable within the first 10 policy years, giving you and your family extra financial support:

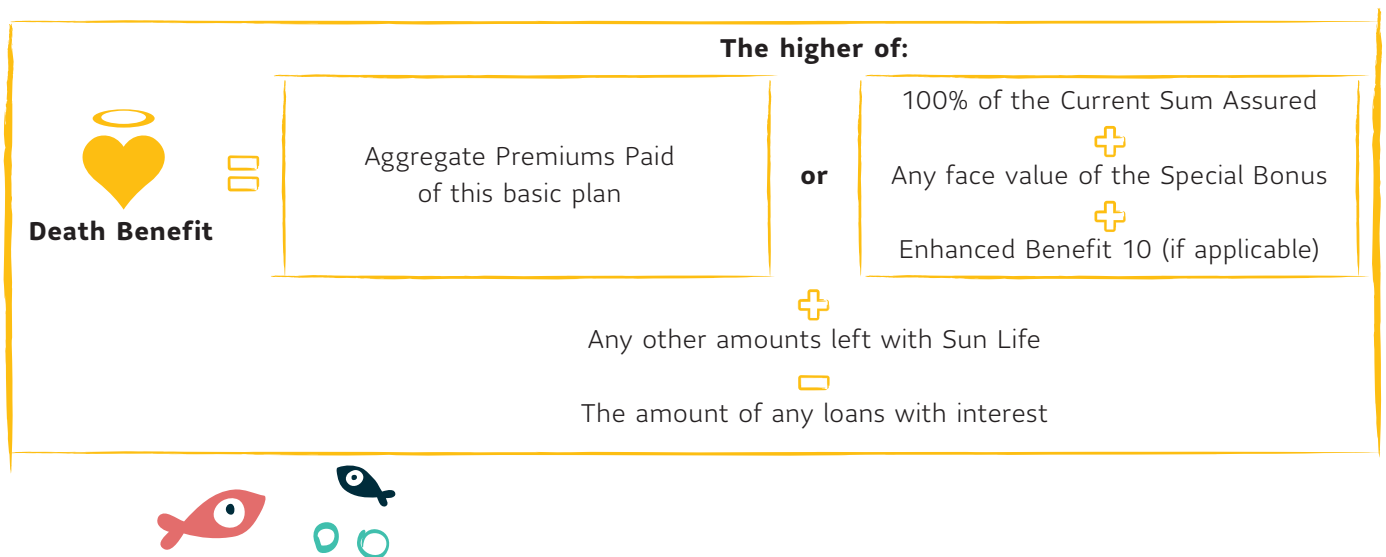

- Major Stage Critical Illness Benefit
- SafetyNet Protector Benefit
- Death Benefit

## Special Bonus for more savings

Special Bonus is a non-guaranteed bonus<sup>10</sup> and payable upon payment of the Death Benefit, Surrender Benefit, Major Stage Critical Illness Benefit, Early Stage Critical Illness Benefit, Precious All-in-one Juvenile Benefit or SafetyNet Protector Benefit of this policy if the Current Sum Assured is higher than zero.

## Death Benefit to lighten your family's financial load

In addition to the critical illness coverage, if the insured unfortunately passes away when the Current Sum Assured is higher than zero, **SunHealth LovePromise** provides a Death Benefit as follows to ease the financial strain on your loved ones.

Remarks:

- Enhanced Benefit 10 will not be eligible for the Guaranteed Cash Value and Special Bonus, if any, and will be automatically terminated (i) once the Death Benefit/Major Stage Critical Illness Benefit/SafetyNet Protection Benefit becomes payable; (ii) the date on which the Current Sum Assured is reduced to zero; (iii) on the 10<sup>th</sup> policy anniversary; and (iv) upon termination of this basic plan, whichever is the earliest. The Current Sum Assured will remain the same upon payment of Enhanced Benefit 10.
- The face value of the Special Bonus (if any) will be paid when Sun Life is paying the (1) Major Stage Critical Illness Benefit, (2) Early Stage Critical Illness Benefit, (3) Precious All-in-one Juvenile Benefit, (4) SafetyNet Protector Benefit, or (5) Death Benefit. The cash value of the Special Bonus (if any) will be paid when the policy is surrendered in whole or in part. The cash value of the Special Bonus (if any) may not be equal to the face value of the Special Bonus. A face value of a pro rata portion of the Special Bonus (if any) will also be paid upon payment of the Early Stage Critical Illness Benefit/Precious All-in-one Juvenile Benefit, followed by the Current Sum Assured, Guaranteed Cash Value and Special Bonus (if any) and premiums of the basic plan shall then be reduced on a pro rata basis accordingly. The Special Bonus will not be paid after the Current Sum Assured reaches zero. The Special Bonus is calculated based on Sun Life's current Special Bonus scales which are not guaranteed and will be subject to change at Sun Life's sole discretion from time to time. The Special Bonus may be different at each subsequent declaration and the actual values paid may change. Sun Life's Special Bonus will typically vary based on the performance of a number of experience factors, with the investment return, including the impact of asset defaults and investment expenses, normally being the main determinant of the Special Bonus performance. Other factors include, but are not limited to, claim experience, policy expenses, taxes, and policy owner termination experience.

### Guaranteed Insurability Option/Guaranteed Insurability Option for Newborn<sup>11</sup>

**SunHealth LovePromise** offers the insured the ability to purchase a new standalone critical illness policy with guaranteed insurability upon a life-changing event of up to HKD500,000/USD62,500 (or 50% of the Original Sum Assured of the original basic plan, whichever is lower). This means that when the insured reaches age 18, gets married, has new-born children, or has a direct family member (including a spouse, parent(s) and child(ren)) diagnosed with a Major Stage Critical Illness Condition for the first time, you will be able to increase your level of critical illness coverage without having to answer any medical questions, or undergo any medical tests or examinations.

**SunHealth LovePromise** allows the insured to purchase a new standalone critical illness policy with guaranteed insurability of up to HKD500,000/USD62,500 (or 50% of the Original Sum Assured of the original basic plan, whichever is lower) for their newborn to ensure his/her beloved one is well protected.

### Value-added Benefits to support your medical treatment

To enhance your protection, **SunHealth LovePromise** offers the following value-added services<sup>12</sup> as extra safeguards.

- Medical Concierge Services
- Local Urgent Care Assistance Administration
- AdvicePro (Face-to-face Second Medical Opinion Services)
- Comprehensive Genomic Profiling
- Family Care Benefit
- Cancer and Stroke Family Support Program
- Worldwide Emergency Assistance Benefits

### Optional add-on rider benefits<sup>8</sup> to widen your safety net

For affordable additional premiums, you can enhance your plan with medical, accident and disability protection by attaching a range of rider benefits of your choice, creating the right cover to suit your needs. Please contact your Advisor to find out more.

Remarks:

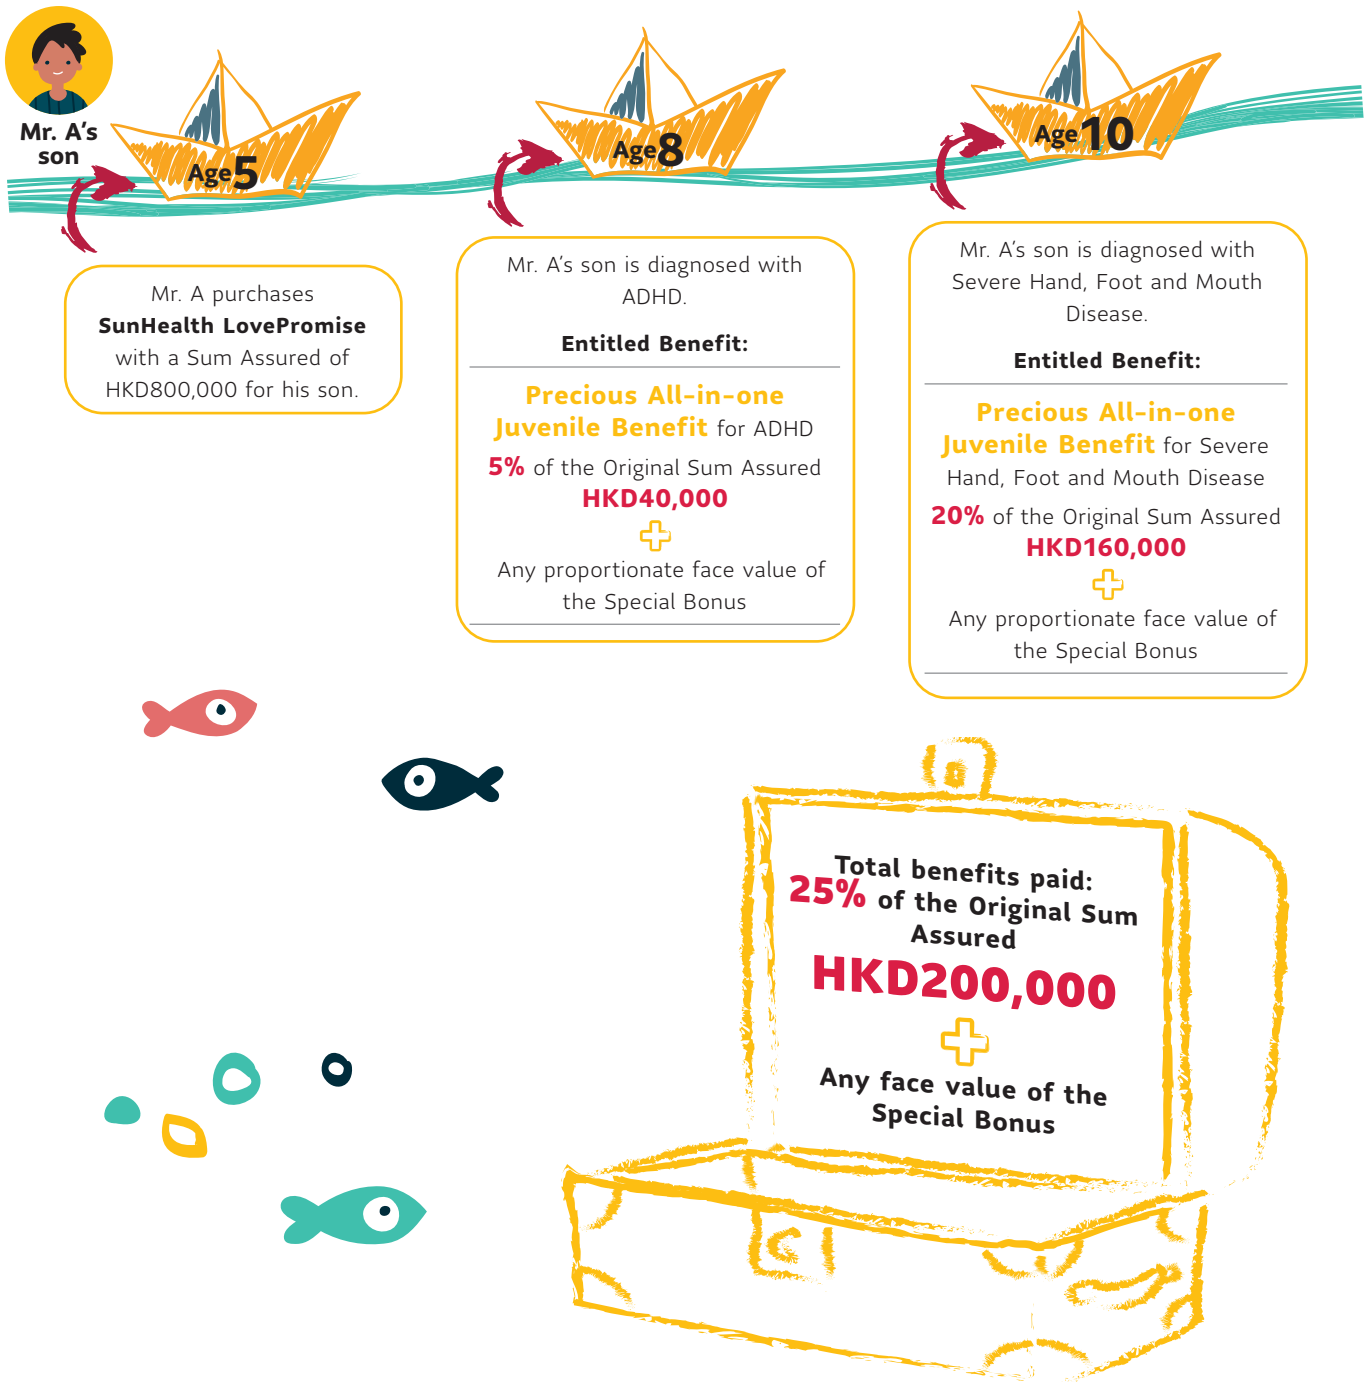

11. Subject to the prevailing rules by Sun Life.

12. The Value-added Benefits are provided by third-party service provider and are not guaranteed to be renewable. Please refer to Quick Guide to Sun Life Value-added Services for more details. Sun Life are not responsible for any act, negligence or failure to act on the part of the designated third-party service provider. Sun Life will not be liable for any loss or damage, costs or other expenses whatsoever and howsoever, directly or indirectly, caused by, arising from or in connection with the services.

# Case Studies

## Case 1:

Mr. A is a young working professional who lives in the city with Mrs. A, a housewife, and their only son. Currently renting, they aspire to buy a home of their own within the next 5 to 10 years, which is why he puts in long hours at work to save up. To put his mind at ease as a sole breadwinner, Mr. A wants comprehensive juvenile illness protection for his son and purchases **SunHealth LovePromise**.

The above case is for illustrative purposes only.

## Case 2:

Mr. B has just entered the banking industry upon graduating. As a junior in his department, he has been working overtime for career progression. Although he is under a lot of stress, he still finds it manageable as he tries to eat well and exercise during the weekend. However, ever since the pandemic, Mr. B has become more concerned about his well-being and wants critical illness protection with coverage on future unknown diseases while he is still young and healthy.

Mr. B

Mr. B purchases  
**SunHealth LovePromise**  
with the Sum Assured of  
HKD500,000.

Mr. B is healthy and does not make any claim before. A new disease, Virus X, is discovered and becomes an epidemic in Mr. B's hometown. He is infected with Virus X upon visiting his parents and is required to undergo decompression of the trigeminal nerve root, which is a Complex Surgical Procedure. **Mr. B's illness condition is covered even though it is not claimable under Major Stage Critical Illness Benefit and Early Stage Critical Illness Benefit.**

**Entitled Benefit:**

**SafetyNet Protector Benefit**

**100%** of the Current Sum Assured

**HKD500,000**

Any proportionate face value of the Special Bonus

**Enhanced Benefit 10**

**Additional 50%** of the Current Sum Assured of the SatefyNet Protector Benefit

**HKD250,000**

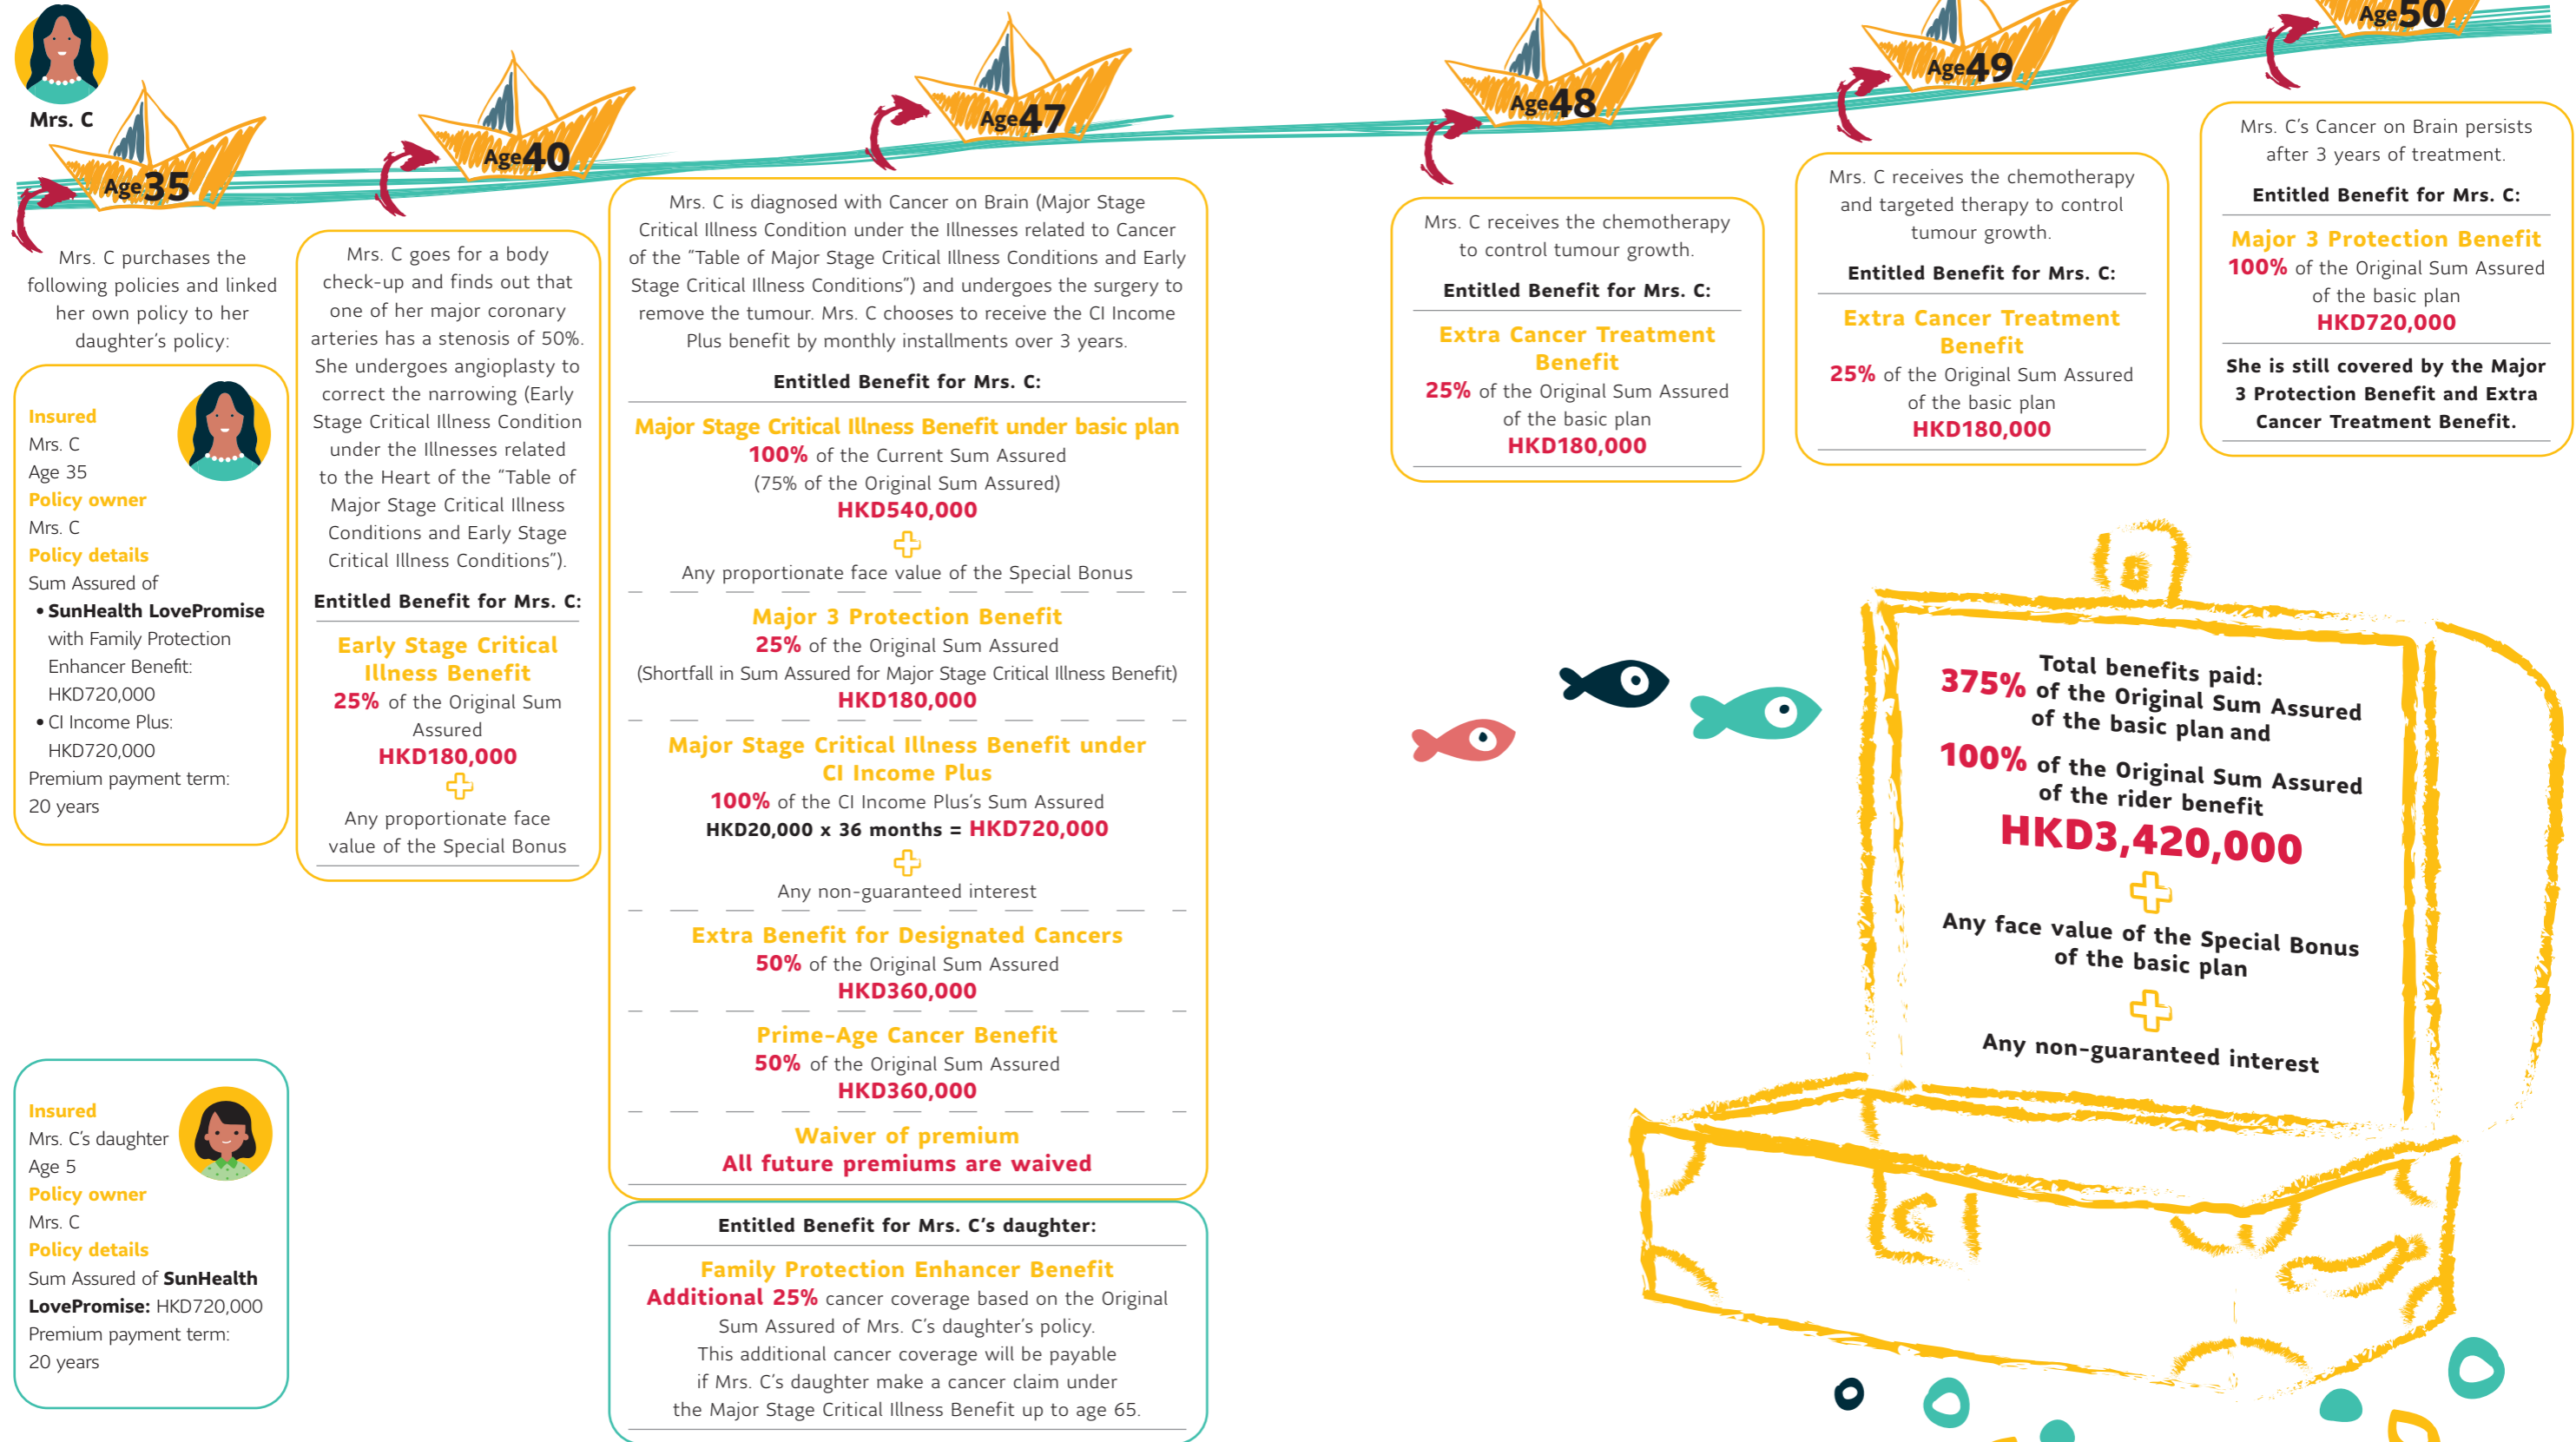

All other benefits are terminated except for Major 3 Protection Benefit and Extra Cancer Treatment Benefit.

The above case is for illustrative purposes only.

### Case 3:

Mrs. C's mother recently passed away of cancer, prompting her to prioritize her health and her daughter's future. To provide her loved ones with whole life critical illness protection, she purchases **SunHealth LovePromise** for herself and her daughter. In addition, she also purchases CI Income Plus, the optional rider benefit with the same Sum Assured as her basic plan.

The above case is for illustrative purposes only.

When the Current Sum Assured is reduced to zero, all benefits except for the Major 3 Protection Benefit and Extra Cancer Treatment Benefit are terminated.

## Important Information

### Bonus Philosophy

Life insurance involves the transfer of risk from an individual to a life insurer, and the pooling of risks across large groups of policies. With participating insurance, a portion of these risks is borne by the policyholders or shared between the policyholders and the insurer. In return, policyholders may receive policyholder bonuses in the form of reversionary/terminal/special bonuses. These bonuses are not guaranteed and can vary from year to year.

In general, bonuses on these policies reflect the experience, over time, of the group to which they belong. Bonuses will typically vary based on the performance of a number of factors, with the investment return<sup>\*</sup>, including the impact of asset defaults and investment expenses, normally being the main determinant of bonus performance. Other factors<sup>^</sup> include, but are not limited to, claims experience, taxes, expenses and policyholder persistency experience.

Favourable and unfavourable experience may be smoothed out over time to provide more stable bonuses to policyholders. For products with a terminal/special bonus feature, adjustments to terminal/special bonus scales pass through experience normally with less smoothing applied.

The bonus allocation process seeks to achieve reasonable equity among groups of policies and among policies issued at different times, to the extent practicable. Upon declaration of reversionary bonus or payout of terminal/special bonus to policyholders, shareholders will also be entitled to a share of the distribution.

At least annually, the Board of Directors of Sun Life Hong Kong Limited determines the amount of bonus to be declared or paid to participating policyholders. This determination is based on the advice of Sun Life Hong Kong Limited's appointed actuary, who applies accepted actuarial principles and practices. Management of participating business is also governed by Sun Life Hong Kong Limited's internal policies, as well as advice by the internal Par Governance Committee.

<sup>\*</sup> *Investment return includes investment income and changes in asset value of the backing portfolio. Performance of the investment return is affected by interest earnings and other market risk factors including, but not limited to, interest rate or credit spread movements, credit events, price fluctuations in non-fixed income assets, and foreign exchange fluctuations. Please see the Investment Philosophy for more details on the investment policies, objectives and strategy in relation to the investments of the backing portfolio.*

<sup>^</sup> *Claims experience represents the experience of mortality and morbidity. Persistency experience includes policy lapse/maturity and partial surrender experience; and the corresponding impact on investments. The expense factor includes maintenance expenses only, where it is charged to the participating fund at the level Sun Life Hong Kong Limited expects to be required over the foreseeable future. Policyholders will share the impact of any changes, over time, to the expected level of expenses required for the then foreseeable future. Any deviations on a year to year basis of the expenses actually incurred from the then expected level required, will be absorbed by the shareholders.*

### Investment Philosophy (Policies, Objective and Strategy)

The investment strategy supporting this product is intended to optimize long-term value to the policyholders with a suitable level of risk; and to achieve the main objective of delivering a fair chance of meeting the illustrated non-guaranteed benefits in addition to the guaranteed benefits.

The assets supporting the investment strategy span a diversified range of fixed income assets such as sovereign bonds, corporate bonds and corporate loans; as well as non-fixed income assets which are equity-like investments and may include public equities, private equities and so on. The credit portfolio largely invests in investment grade fixed income instruments. A small quantity of below investment grade assets may be present in the portfolio due to unexpected credit rating downgrades. However, exposure to below investment grade assets is controlled by the credit risk limits and investment policies.

The current long-term target mix for the assets supporting this product is shown below:

Asset Class	Target Asset Mix
Fixed Income Assets	50%-70%
Non-Fixed Income Assets	30%-50%

We invest globally to achieve geographical diversification benefits and intend to have a higher relative allocation in the US and Asia-Pacific. Diversifying between asset classes results in a more stable investment return over the long term. The actual asset mix percentages and geographical allocation may fluctuate depending on market conditions, diversification needs and economic outlook.

We may pool the investment returns with other long term insurance products with similar plan features (excluding investment linked assurance schemes and pension schemes) to optimize the investment performance and the return will subsequently be allocated with reference to the target asset mix of each products.

If the currency of the fixed income assets is not in the same currency as the underlying policies, appropriate hedging instruments (where available) is generally used to minimise impacts from fluctuating foreign exchange rates. For non-fixed income assets, there is greater investment flexibility to invest in those assets that are not denominated in the same currency as the underlying policies thereby providing diversification in risks and markets. Derivatives may be used to hedge against market risks but are not intended to bring the risk profile beyond established risk tolerances.

The investment strategy noted above may be subject to change, subject to a rigorous internal review and approval process. We will notify the policyholders upon any material changes.

**Key Product Risks:****SunHealth LovePromise**

1. The premium of this basic plan is not expected to increase with age but may be reviewed and adjusted from time to time, in order to reflect experience and change in future expectations. We reserve the right to adjust the premium for any group of insureds with similar risk profiles at every policy anniversary during the premium payment term. Factors that include but are not limited to the following would be considered and reflected during the review:
  - a. Claim costs incurred under this basic plan and the expected claim costs in the future
  - b. Expenses directly related to and indirect expenses allocated to the policy
  - c. Investment performance on backing assets of the product
  - d. Surrenders and the corresponding impact on expenses and investment
2. You need to pay the premium for this basic plan according to the selected premium payment term. If you do not pay a premium on or before the premium due date, unless any waiver of premium benefit has been executed, a grace period of 31 days from its due date will be allowed for the payment, during which time this policy will continue in effect. Any unpaid premium by the date on which the grace period expires will be paid automatically by a loan from us. If the amount available for loan under this policy is less than the unpaid premium, the policy will lapse automatically on the due date.
3. Please note that if you terminate this policy early or cease paying premiums early, you may receive an amount significantly less than the total premiums paid towards your policy.
4. We have the right to terminate the basic plan upon the earliest of the following:
  - a. when the accumulated policy loans and interest exceeds the sum of the Guaranteed Cash Value and any other amounts left with us;
  - b. neither premium is paid nor loanable by us and the grace period expires; or
  - c. the date on which the Death Benefit becomes payable by us.
5. Any transaction involving a conversion between the policy currency and other currencies would be exposed to foreign exchange risks such as fluctuations in exchange rates against the policy currency.
6. The cost of living in the future is likely to be higher than it is today due to inflation, so the benefit may be insufficient to meet your needs even if we meet our contractual obligations. You should consider the impact of inflation before taking up the plan.
7. This basic plan is an insurance policy issued by Sun Life Hong Kong Limited and your benefits are subject to the paying ability of Sun Life Hong Kong Limited. In the event that we become insolvent and unable to meet the contractual obligations under the policy, you may lose all or part of your premiums paid and benefits.

**CI Income Plus**

1. The premium of this rider benefit is not expected to increase with age but may be reviewed and adjusted from time to time, in order to reflect experiences and change in future expectations. We reserve the right to adjust the premium for any group of insureds with similar risk profiles at every policy anniversary during the premium payment term. Factors that include but are not limited to the following would be considered and reflected during the review:
  - a. Claim costs incurred under this rider benefit and the expected claim costs in the future
  - b. Expenses directly related to and indirect expenses allocated to the policy
  - c. Investment performance on backing assets of the product
  - d. Surrenders and the corresponding impact on expenses and investment
2. You need to pay the premium for this rider benefit according to the selected premium payment term. If you do not pay a premium on or before the premium due date, a grace period of 31 days from its due date will be allowed for the payment, during which time this rider benefit will continue in effect. Any unpaid premium by the date on which the grace period expires will be paid by premium loan from us (if applicable). If the amount available for premium loan under this rider benefit is less than the unpaid premium, this rider benefit will lapse automatically on the due date.
3. We have the right to terminate this rider benefit upon the earliest of the following:
  - a. neither premium is paid nor loanable by us and the grace period expires;
  - b. the date on which the Death Benefit becomes payable by us;
  - c. the date on which the Major Stage Critical Illness Benefit becomes payable by us;
  - d. the date on which the SafetyNet Protector Benefit becomes payable by us; or
  - e. the date on which the Basic Plan to which this Rider Benefit relates is terminated.
4. Any transaction involving a conversion between the policy currency and other currencies would be exposed to foreign exchange risks such as fluctuations in exchange rates against the policy currency.
5. The cost of living in the future is likely to be higher than it is today due to inflation, so the benefit may be insufficient to meet your needs even if we meet our contractual obligations. You should consider the impact of inflation before taking up the rider benefit.
6. This rider benefit is an insurance policy issued by Sun Life Hong Kong Limited and your benefits are subject to the paying ability of Sun Life Hong Kong Limited. In the event that we become insolvent and unable to meet the contractual obligation under the policy, you may lose all or part of your premiums paid and benefits.

**Important Note:**

Effective from January 1, 2018, all policy owners are required to pay a levy on their insurance premium for all new and inforce policies collected by the Insurance Authority through insurance companies. The applicable levy rate will be determined by reference to the policy date or policy anniversary date. For levy details, please visit our website at [www.sunlife.com.hk/levy\\_eng](http://www.sunlife.com.hk/levy_eng) or Insurance Authority's website at [www.ia.org.hk](http://www.ia.org.hk).

This brochure is for reference only. Please refer to a sample Policy Document for details including definitions of capitalized terms and full terms and conditions of coverage.

**Cancellation Right:**

If you are not fully satisfied with your policy, you have the right to cancel your policy within the cooling-off period.

By giving us a written request, your policy will then be cancelled and any premium and levy paid will be refunded, provided that: (1) your written request for cancellation must be signed by you and received directly by our office (G/F, Cheung Kei Center Tower B, No. 18 Hung Luen Road, Hunghom, Kowloon) or through email ([hk\\_csd@sunlife.com](mailto:hk_csd@sunlife.com)) within 21 calendar days immediately following the day of delivery of the policy or the cooling-off notice informing you or your representative about the expiry date of the cooling-off period, whichever is earlier, and (2) no refund of any premium and levy paid can be made if any payment from the Company under the policy has been made prior to the request for cancellation.
