

Sun Life Rainbow ORSO Scheme

Product Summary

Important Note

- The Sun Life Rainbow ORSO Scheme (the "Plan") is a pooled retirement scheme in the form of a trust.
- Investment involves risks and not all investment choices available under the Plan are suitable for everyone. Some may be of high investment risk. There is no assurance on investment returns and your investments/accrued benefits may suffer significant loss.
- You should consider your own risk tolerance level and financial circumstances before making any investment choices. When, in your selection of funds, you are in doubt as to whether a certain fund is suitable for you (including whether it is consistent with your investment objectives), you should seek financial and/or professional advice and choose the fund(s) most suitable for you, taking into account your circumstances.
- You should not invest based on this material alone and you should read the Principal Brochure of the Plan ("Principal Brochure") carefully for further details including the risk factors.

To meet different retirement needs and goals of our members, the Plan is a pooled retirement scheme in the form of a trust consisting of thirteen investment choices. The Plan is a trust that brings together professional pension trustee, administration, investment and advisory services. The Sun Life Rainbow ORSO Scheme helps your retirement planning through our comprehensive pension solution. The table below provides a summary of the investment choices:
