### **INVESTMENT REPORT**

**FOR THE PERIOD FROM 1ST OCTOBER 2023 TO 27TH SEPTEMBER 2024 (DATE OF TERMINATION)**

#### **Commentary**

Sun Life MPF Master Trust (the “Scheme”) offers a choice of 13 constituent funds namely Schroder MPF Capital Guaranteed Portfolio, Schroder MPF Conservative Portfolio, Schroder MPF RMB and HKD Fixed Income Portfolio, Schroder MPF Capital Stable Portfolio, Schroder MPF Stable Growth Portfolio, Schroder MPF Balanced Investment Portfolio, Schroder MPF Growth Portfolio, Schroder MPF International Portfolio, Schroder MPF Asian Portfolio, Schroder MPF Hong Kong Portfolio, Schroder MPF Global Fixed Income Portfolio, Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund.

The Trustee, HSBC Provident Fund Trustee (Hong Kong) Limited, confirmed that based on the information received from the Investment Manager, Schroder Investment Management (Hong Kong) Limited, during the period, to the best of the knowledge and belief of the Trustee, the investment policies for each constituent fund of the Scheme were complied with.

#### **1 Statement of investment objective and policies**

With effect from 30th August 2023, the Scheme was restructured and merged into Sun Life Rainbow MPF Scheme (“Sun Life Rainbow”). All the members of the Scheme and their accrued benefits under the Scheme were redeemed and transferred to Sun Life Rainbow on 30th August 2023.

The Scheme offers a choice of 13 constituent funds, ranging across the risk and reward scale. Refer to page 5 for the names of the 13 constituent funds.

Each of the 13 constituent funds has a different investment policy, achieved through investing its assets into an approved pooled investment fund (each refers to the “Sub-Fund”) (other than the Schroder MPF Conservative Portfolio which invests directly in permitted investments). These policies are outlined below.

##### **1.1 Common policies on investments which apply to each constituent fund**

- (i) Each constituent fund (other than the Schroder MPF Conservative Portfolio) will invest its assets in a single pooled investment fund but may also hold cash from time to time, up to a maximum of 5% of the net asset value of each constituent fund.
- (ii) None of the constituent funds (other than the Schroder MPF Conservative Portfolio) will have direct holdings of equities or bonds, its interest in such investments being achieved through an approved pooled investment fund.

#### **FOR THE PERIOD FROM 1ST OCTOBER 2023 TO 27TH SEPTEMBER 2024 (DATE OF TERMINATION)**

#### **1 Statement of investment objective and policies (Continued)**

##### **1.1 Common policies on investments which apply to each constituent fund (Continued)**

- (iii) None of the constituent funds will trade in futures or options, but may enter into currency forward contracts for the purposes of currency hedging. Their approved pooled investment funds may acquire futures and options for the purposes of investment or hedging subject to the restrictions in Schedule 1 to the Hong Kong Mandatory Provident Fund Schemes (General) Regulation (the “General Regulation”).
- (iv) None of the constituent funds or their approved pooled investment funds will lend securities.
- (v) Each constituent fund is subject to the investment and borrowing restrictions in Schedule 1 of the Mandatory Provident Fund Schemes (General) Regulation.
- (vi) The intention is that the constituent funds (other than the Schroder MPF Conservative Portfolio) only invest in the underlying approved pooled investment funds which have no less than 30% in Hong Kong dollar investments. However, the constituent funds may hedge currency from time to time. The Schroder MPF Conservative Portfolio will invest directly in permitted investments and will at all times have an effective Hong Kong currency exposure of 100%.
- (vii) Investments may, however, only be acquired for the constituent funds in those countries or markets where the Trustee is satisfied that suitable arrangements can be made for their custody.

##### **1.2 Schroder MPF Capital Guaranteed Portfolio**

- (i) The objective of the constituent fund is to achieve a positive return, after expenses, for as long as the investor remains invested in the constituent fund.
- (ii) The constituent fund will invest in a single approved pooled investment fund in the form of an insurance policy, which in turn will invest in global bonds, equities and cash with the current proposed asset allocation of a range of 67% to 95%, 0% to 33% and 0% to 33% of the asset value respectively. The approved pooled investment fund is globally diversified but with a bias towards Hong Kong. The approved pooled investment fund will hold a minimum of 67% in Hong Kong dollar investments at all times through direct holdings in equities, bonds and cash and/or currency hedging.
- (iii) The single approved pooled investment fund is a Class G insurance policy and will be managed, issued and guaranteed by Sun Life Hong Kong Limited (“Sun Life”) with effect from 1st February 2021 (formerly managed, issued and guaranteed by FWD Life Insurance Company (Bermuda) Limited).
- (iv) Investments in the insurance policy (i.e. the underlying approved pooled investment fund) are held as the assets of Sun Life. In the event where Sun Life is liquidated, members may not have access to their investments temporarily, or their value may be reduced.
- (v) The constituent fund is low risk and, as such is appropriate for those who wish to ensure that their benefits are not substantially less than their contributions at the end of a 5-year period or at age 65.

### INVESTMENT REPORT

FOR THE PERIOD FROM 1ST OCTOBER 2023 TO 27TH SEPTEMBER 2024 (DATE OF TERMINATION)

#### 1 Statement of investment objective and policies (Continued)

##### 1.2 Schroder MPF Capital Guaranteed Portfolio (Continued)

- (vi) The overall returns of the constituent fund will be those achieved from the underlying approved pooled investment fund less expenses, charges and fees at the constituent fund level.
- (vii) An investment in the constituent fund is not guaranteed at the constituent fund level, but the underlying approved pooled investment fund in which the assets of the portfolio will be invested is a guaranteed insurance policy.
- (viii) The guarantee structure results in a dilution in performance.

##### 1.3 Schroder MPF Conservative Portfolio

- (i) The objective of the constituent fund is to provide a return, after expenses, which matches or exceeds the Hong Kong dollar savings rate.
- (ii) The constituent fund's investments will be limited by the investment restrictions for a MPF conservative fund as defined in the MPF legislation and guidelines. In summary, these are as follows:
  - deposits, less than 12 months maturity with banks meeting specific requirements;
  - debt securities, with a maturity of 2 years or less issued by or guaranteed by the Government of the Hong Kong Special Administrative Region, the Exchange Fund, a company wholly owned by the Hong Kong Government; or a foreign government or multi-lateral agency (such as the World Bank) with the highest credit rating;
  - debt securities, with a maturity of 1 year or less with a credit rating level set by the Mandatory Provident Fund Schemes Authority;
  - the average maturity of all securities must not exceed 90 days;
  - the constituent fund must be wholly invested in Hong Kong dollar currency investments.
- (iii) The constituent fund will hold a minimum of 100% in Hong Kong dollar investments at all times through direct holdings in the restricted investments shown above.
- (iv) The constituent fund is low risk and, as such, is suitable for investors with less than 3 years before retirement.
- (v) It should be noted that an investment in the constituent fund is not the same as placing funds on deposit with a bank or deposit-taking company and that there is no obligation to redeem the investment at the offer value. It should also be noted that the constituent fund is not subject to the supervision of the Hong Kong Monetary Authority.
- (vi) The long-term return is expected to be in line with deposit rates for Hong Kong dollars.

##### 1.4 Schroder MPF RMB and HKD Fixed Income Portfolio

- (i) The objective of the constituent fund is to provide a long-term return of capital growth and income in Hong Kong dollar terms through investment in a portfolio consisting mainly RMB and HKD denominated debt securities.
- (ii) The constituent fund invests in a single approved pooled investment fund, a sub-fund of the Schroder Institutional Pooled Funds namely, the Schroder IPF RMB and HKD Fixed Income Fund, which primarily invests in fixed and floating rate debt securities denominated in Renminbi and Hong Kong dollar issued by government, quasi-government, financial and corporate issuers worldwide. It may also invest in Renminbi and Hong Kong dollar denominated money market instruments including fixed deposits, certificates of deposits, commercial papers, treasury bills and cash. The current proposed allocation of the assets is:

Asset Allocation	
Debt securities	70% to 100%
Money market instruments	0% to 30%
Currency Allocation	
Renminbi	30% to 70%
Hong Kong dollar	30% to 100%
Other currencies*	0% to 30%

\* expected to be mainly US dollar but may also be other Asian currencies

- (iii) The approved pooled investment fund will hold a minimum of 30% in Hong Kong dollar investments at all times.
- (iv) The constituent fund is low risk and, as such, is suitable for investors with between 3 and 5 years before retirement.
- (v) The long-term return is expected to be associated primarily with the volatility and growth in the RMB and HKD denominated debt securities.

<sup>1</sup> The constituent fund is a feeder fund which invests in an approved pooled investment fund.

<sup>2</sup> The net asset value per unit has been rounded down to the next complete cent in accordance with the Trust Deed of the Scheme.

<sup>3</sup> Further to MPFA's circular letter of 1st November 2019, there is an update on the treatment of listed real estate investment trusts for the purposes of Fund Expense Ratio calculation. The treatment shall be effective from financial periods ending on or after the issue date of the circular letter with no retrospective effect. Considering that a listed real estate investment trust ("REIT") is more akin in nature to a listed company than a traditional collective investment schemes. An investment in a listed REIT will be treated in the same way as an investment in shares of a listed company, and the fees and charges of such a REIT will not be regarded as underlying fund costs of a constituent fund.

<sup>4</sup> The net annualised investment return is calculated by comparing the net asset value per unit at the end of the period against the net asset value per unit at the beginning of the period.

<sup>5</sup> As all the member of the Scheme and their accrued benefits under the Scheme were redeemed and transferred into Sun Life Rainbow MPF Scheme, the units of the constituent fund of the Scheme were fully redeemed on 30th August 2023.

<sup>1</sup> The constituent fund was launched on 1st April 2017.

<sup>2</sup> The constituent fund is a feeder fund which invests in an approved pooled investment fund.

<sup>3</sup> The net asset value per unit has been rounded down to the next complete cent in accordance with the Trust Deed of the Scheme.

<sup>4</sup> Effective from 16th July 2018, Schroder MPF Core Accumulation Fund only has one class of units and therefore not subject to any class. Prior to 16th July 2018, Schroder MPF Core Accumulation Fund only issued Class B units and those unitholders had become the unitholders of the single class of units on 16th July 2018.

<sup>5</sup> Further to MPFA's circular letter of 1st November 2019, there is an update on the treatment of listed real estate investment trusts for the purposes of Fund Expense Ratio calculation. The treatment shall be effective from financial periods ending on or after the issue date of the circular letter with no retrospective effect. Considering that a listed real estate investment trust ("REIT") is more akin in nature to a listed company than a traditional collective investment schemes. An investment in a listed REIT will be treated in the same way as an investment in shares of a listed company, and the fees and charges of such a REIT will not be regarded as underlying fund costs of a constituent fund.

<sup>6</sup> The net annualised investment return is calculated by comparing the net asset value per unit at the end of the period against the net asset value per unit at the beginning of the period. For the first financial period (5th of April 2017 (date of commencement of operations) to 30th September 2017) where the initial offer price of HK\$10.00 for Class B units is used and the actual net investment return is shown without annualisation.

<sup>7</sup> As all the member of the Scheme and their accrued benefits under the Scheme were redeemed and transferred into Sun Life Rainbow MPF Scheme, the units of the constituent fund of the Scheme were fully redeemed on 30th August 2023.

**Independent Auditor's Report  
To The Trustee of Sun Life MPF Master Trust**

**Report on the Audit of the Financial Statements**

**Opinion**

*What we have audited*

The financial statements of Sun Life MPF Master Trust (the "Scheme") and each of its constituent funds, Schroder MPF Capital Guaranteed Portfolio, Schroder MPF Conservative Portfolio, Schroder MPF RMB and HKD Fixed Income Portfolio, Schroder MPF Capital Stable Portfolio, Schroder MPF Stable Growth Portfolio, Schroder MPF Balanced Investment Portfolio, Schroder MPF Growth Portfolio, Schroder MPF International Portfolio, Schroder MPF Asian Portfolio, Schroder MPF Hong Kong Portfolio, Schroder MPF Global Fixed Income Portfolio, Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund, which are set out on pages 50 to 111, comprise:

- the statement of net assets available for benefits of the Scheme and the statement of financial position of each of its constituent funds as at 27 September 2024 (date of termination);
- the statement of comprehensive income of each of the constituent funds for the period from 1 October 2023 to 27 September 2024 (date of termination);
- the statement of changes in net assets available for benefits of the Scheme and the statement of changes in net assets attributable to members of each of its constituent funds for the period from 1 October 2023 to 27 September 2024 (date of termination);
- the statement of cash flows of the Scheme and each of its constituent funds for the period from 1 October 2023 to 27 September 2024 (date of termination); and
- the notes to the financial statements, comprising material accounting policy information and other explanatory information.

*Our opinion*

In our opinion, the financial statements give a true and fair view of the financial position of the Scheme and each of its constituent funds as at 27 September 2024 (date of termination), and of each of their financial transactions and each of their cash flows for the period from 1 October 2023 to 27 September 2024 (date of termination) in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

**Basis for Opinion**

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") and with reference to Practice Note 860.1 (Revised) "The Audit of Retirement Schemes" issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

*Independence*

We are independent of the Scheme and each of its constituent funds in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code.

**Independent Auditor's Report  
To The Trustee of Sun Life MPF Master Trust**

**Report on the Audit of the Financial Statements (Continued)**

**Emphasis of Matter**

We draw attention to Note 1 to these financial statements, which states that with effect from 30 August 2023, the Scheme was restructured and merged into Sun Life Rainbow MPF Scheme ("Sun Life Rainbow"). All the members of the Scheme and their accrued benefits under the Scheme were redeemed and transferred to Sun Life Rainbow on 30 August 2023. The termination of the Scheme has been approved by the MPFA on 27 September 2024.

As a result, the financial statements have not been prepared on a going concern basis and are prepared in accordance with the basis set out in Note 2(a). Our opinion is not qualified in respect of this matter.

**Other Information**

The Trustee is responsible for the other information. The other information comprises all of the information included in the annual report other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of the Trustee and Those Charged with Governance for the Financial Statements**

The Trustee is responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and for such internal control as the Trustee determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustee is responsible for assessing the Scheme's and each of its constituent funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustee either intends to liquidate the Scheme and its constituent funds or to cease operations, or has no realistic alternative but to do so.

In addition, the Trustee is required to ensure that the financial statements of the Scheme and its constituent funds have been properly prepared in accordance with sections 80, 81, 83 and 84 of the Hong Kong Mandatory Provident Fund Schemes (General) Regulation (the "General Regulation").

Those charged with governance are responsible for overseeing the Scheme's and each of its constituent funds' financial reporting process.

**Independent Auditor's Report  
To The Trustee of Sun Life MPF Master Trust**

**Report on the Audit of the Financial Statements (Continued)**

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with section 102 of the General Regulation, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Scheme and each of its constituent funds have been properly prepared, in all material respects, in accordance with sections 80, 81, 83 and 84 of the General Regulation.

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

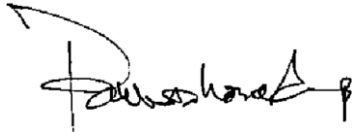

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Scheme's and its constituent funds' internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Trustee.
- Conclude on the appropriateness of the Trustee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Scheme's and its constituent funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Scheme and its constituent funds to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Independent Auditor's Report  
To The Trustee of Sun Life MPF Master Trust**

**Report on Matters under the General Regulation**

- a. In our opinion, the financial statements of the Scheme and each of its constituent funds have been properly prepared, in all material respects, in accordance with sections 80, 81, 83 and 84 of the General Regulation.
- b. We have obtained all the information and explanations which, to the best of our knowledge and belief, are necessary for the purpose of our audit.

## **SUN LIFE MPF MASTER TRUST**

### **NOTES TO THE FINANCIAL STATEMENTS**

#### **1 The Scheme**

Sun Life MPF Master Trust (the "Scheme") is established and governed by its trust deed dated 31st January 2000, as amended. The Scheme is registered under Section 21 of the Hong Kong Mandatory Provident Fund Schemes Ordinance (the "Ordinance") and is required to comply with the Ordinance and the relevant regulations, guidelines and codes issued by the Mandatory Provident Fund Schemes Authority (the "MPFA").

The Scheme comprises 13 (2023: 13) constituent funds ("constituent funds") as at the end of the reporting period/year. Each of the constituent funds is approved by the MPFA and has its own investment policy and predetermined fees and charges. Contributions and benefits are dealt with at the scheme level whereas investments in approved pooled investment funds are dealt with at the constituent funds level.

Units of the constituent funds of the Scheme are issued in two classes, Ordinary Class and Class B, except for Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund. With effect from 16th July 2018, the Class B units of Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund had become the single class of units in issue.

The financial information of the Scheme comprises (i) the statement of net assets available for benefits as at 27th September 2024 (date of termination), and the statement of changes in net assets available for benefits and statement of cash flows for the period from 1st October 2023 to 27th September 2024 (date of termination) of the Scheme on a standalone basis; and (ii) the statement of financial position as at 27th September 2024 (date of termination), and the statement of comprehensive income, statement of changes in net assets attributable to members and statement of cash flows for the period from 1st October 2023 to 27th September 2024 (date of termination) for each of the Scheme's constituent funds.

#### **Restructure, Merger and Termination of the Scheme**

With effect from 30th August 2023, the Scheme was restructured and merged into Sun Life Rainbow MPF Scheme ("Sun Life Rainbow"). All the members of the Scheme and their accrued benefits under the Scheme were redeemed and transferred to Sun Life Rainbow on 30th August 2023.

The MPFA has approved the merger of the Scheme pursuant to Section 34B of the Ordinance on 23rd August 2023. Subsequently, the termination of the Scheme has been approved by the MPFA on 27 September 2024.

#### **2 Summary of material accounting policies**

The principal accounting policies applied in the preparation of financial statements of the Scheme and its constituent funds are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

## SUN LIFE MPF MASTER TRUST

### NOTES TO THE FINANCIAL STATEMENTS

#### 2 Summary of material accounting policies (Continued)

##### (a) Basis of preparation

The financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (the "HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants.

As referred into note 1, the Scheme was restructured and merged with Sun Life Rainbow with effect from 30th August 2023, and all members of the Scheme and their accrued benefits under the Scheme were redeemed and transferred to Sun Life Rainbow on 30th August 2023. As a result, the financial statements of the Scheme for the period from 1st October 2023 to 27th September 2024 (date of termination) and the year ended 30th September 2023 have not been prepared on a going concern basis. The Trustee has assessed that the fair value of all assets and liabilities of the Scheme at the reporting date approximate their net realisable value and therefore no changes in accounting policies or adjustments have been made in the financial statements to reflect the fact that the Scheme will be able to realise its assets or to extinguish its liabilities in the normal course of business.

The preparation of financial statements in conformity with HKFRSs requires the use of certain critical accounting estimates. It also requires Trustee to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

All references to net assets throughout the financial statements refer to net assets attributable to members unless otherwise stated. All the assets and liabilities are held for the purpose of being traded or are expected to be realised within one year.

##### Standards, amendments to existing standards or interpretations effective from 1st October 2023

There are no standards, amendments to standards and interpretations that are effective for annual periods beginning on 1st October 2023 that have a material effect on the financial statements of the Scheme and its constituent funds.

##### New standards, amendments and interpretations effective after 1st October 2023 and have not been early adopted by the Scheme and its constituent funds

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1st October 2023, and have not been early adopted in preparing these financial statements. None of these are expected to have a material effect on the financial statements of the Scheme and its constituent funds.

### NOTES TO THE FINANCIAL STATEMENTS

#### 2 Summary of material accounting policies (Continued)

##### (b) Investments

###### Classification

The Scheme and its constituent funds classify their investments based on both the Scheme and its constituent funds' business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Scheme and its constituent funds primarily focus on fair value information and uses that information to assess the assets' performance and to make decisions. The Scheme and its constituent funds have not taken the option to irrevocably designate any equity or debt securities as fair value through other comprehensive income.

The Scheme is investing through the 13 constituent funds and each of the constituent funds (except for Schroder MPF Conservative Portfolio) is investing in a single approved pooled investment fund.

Investments in those approved pooled investment funds are considered to be investments in unconsolidated structured entities, refer to Note 2(c) for details. The Scheme and constituent funds have not taken the option to irrevocably designate any equity or debt securities as fair value through other comprehensive income.

As such, the Scheme and each of its constituent funds classify all of its investment portfolio as financial assets at fair value through profit or loss.

###### Recognition, derecognition and measurement

Purchases and sales of investments are accounted for on the trade date basis. Investments are initially recognised at fair value, excluding transaction costs which are expensed as incurred, and are subsequently re-measured at fair value. Realised and unrealised gains and losses on investments are included in the statement of change in net assets available for benefits of the Scheme and the statement of comprehensive income of the constituent funds in the year in which they arise. Investments are derecognised when the rights to receive cash flows from the investments have expired or the Scheme and its constituent funds have transferred substantially all risks and rewards of ownership.

Subsequent to initial recognition, all financial assets at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the "financial assets at fair value through profit or loss" category are presented in the statement of changes in net assets available for benefits of the Scheme within "net change in unrealised appreciation/depreciation in value of investments in constituent funds" and "net realised gain on redemption of units in constituent funds"; and in the statement of comprehensive income of the constituent funds within "net change in unrealised appreciation/depreciation in value of investments" and "net realised gain/loss on sale of investments" in the year in which they arise.

###### Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of financial assets traded in active markets are based on quoted market prices at the close of trading on the reporting date.

Investments in constituent funds by the Scheme are valued at their respective closing net asset value per unit. Investments in approved pooled investment funds by the constituent funds are fair valued based on last traded prices. Investments in unlisted debt securities by Schroder MPF Conservative Portfolio are fair valued using quotes from brokers.

### NOTES TO THE FINANCIAL STATEMENTS

#### 2 Summary of material accounting policies (Continued)

##### (c) Structured entities

A structured entity is an entity that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, such as when any voting rights relate to administrative tasks only and the relevant activities are directed by means of contractual arrangements. A structured entity often has some or all of the following features or attributes; (a) restricted activities, (b) a narrow and well-defined objective, such as to provide investment opportunities for investors by passing on risks and rewards associated with the assets of the structured entity to investors, (c) insufficient equity to permit the structured entity to finance its activities without subordinated financial support and (d) financing in the form of multiple contractually linked instruments to investors that create concentrations of credit or other risks (tranches).

The Scheme and the constituent funds consider all of their investments in other funds ("Investee Funds") to be investments in unconsolidated structured entities. The Scheme and the constituent funds invest in Investee Funds whose objective is to achieve long term capital growth. The Investee Funds are managed by related and unrelated asset managers who apply various investment strategies to accomplish their respective investment objectives. The Investee Funds finance their operations by issuing redeemable units which are puttable at the holder's option and entitle the holder to a proportional stake in the respective funds' net assets. The Scheme and constituent funds hold redeemable units in each of their Investee Funds.

The change in fair value of each Investee Fund is included in the statement of changes in net assets available for benefits of the Scheme within the "net change in unrealised appreciation/depreciation in value of investments in constituent funds" and in the statement of comprehensive income of the constituent funds in "net change in unrealised appreciation/depreciation in value of investments".

##### (d) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the statement of net assets available for benefits of the Scheme and the statement of financial position of the constituent funds when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Scheme and its constituent funds or the counterparty.

##### (e) Amounts receivable on sale/payable on purchase of investments

Amounts receivable on sale/payable on purchase of investments represent receivables for investments sold and payables for investments purchased that have been contracted for but not yet settled or delivered by the end of the year.

## SUN LIFE MPF MASTER TRUST

### NOTES TO THE FINANCIAL STATEMENTS

#### **2 Summary of material accounting policies (Continued)**

##### **(f) Receivables**

Receivables are recognised initially at fair value and subsequently measured at amortised cost. At each reporting date, the Scheme and its constituent funds shall measure the loss allowance on amounts due from counterparties at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the constituent funds shall measure the loss allowance at an amount equal to 12-month expected credit losses.

Significant financial difficulties of the counterparties, probability that the counterparties will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the gross carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

Receivables are classified as current assets if the collections of receivables are expected within one year of less. If not, they are presented as non-current assets.

##### **(g) Payables and accruals**

Payables and accruals are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method. Accounts payables and accruals are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities.

##### **(h) Income and expenses**

Interest income is recognised on a time proportion basis using the effective interest method.

Other income and expenses are accounted for on an accruals basis.

### **NOTES TO THE FINANCIAL STATEMENTS**

#### **2 Summary of material accounting policies (Continued)**

##### **(i) Translation of foreign currencies**

###### **(i) Functional and presentation currency**

Items included in the financial statements of the Scheme and its constituent funds are measured using the currency of the primary economic environment in which they operate (the "functional currency"). The financial statements are presented in Hong Kong dollars, ("HK\$") which is the functional and presentation currency of the Scheme and its constituent funds.

###### **(ii) Transactions and balances**

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign currency assets and liabilities are translated into the functional currency using the exchange rate prevailing at the period end date.

Foreign exchange gains and losses arising from translation are included in the statement of changes in net assets available for benefits for the Scheme and the statement of comprehensive income for the constituent funds.

Foreign exchange gains and losses relating to cash and cash equivalents are presented in the statement of changes in net assets available for benefits for the Scheme and the statement of comprehensive income for the constituent funds within "net exchange gains/(losses)".

Foreign exchange gains and losses relating to the financial assets and liabilities carried at fair value through profit or loss are presented in the statement of changes in net assets available for benefits within "net realised gain on redemption of units in constituent funds" and "net change in unrealised appreciation/depreciation in value of investments in constituent funds" for the Scheme, and in the statement of comprehensive income within "net realised gain/loss on sale of investments" and "net change in unrealised appreciation/depreciation in value of investments" for the constituent funds.

##### **(j) Contributions**

Contributions are accounted for on an accruals basis.

##### **(k) Benefits**

Benefits are accounted for on an accruals basis.

## **SUN LIFE MPF MASTER TRUST**

### **NOTES TO THE FINANCIAL STATEMENTS**

#### **2 Summary of material accounting policies (Continued)**

##### **(l) Transfers-in**

Transfers-in amounts are recognised when the right to receive payment is established.

##### **(m) Transfers-out**

Transfers-out amounts are accounted for when the obligation to make payment is established.

##### **(n) Forfeitures**

If a member ceases to be a member, the part of the employer's voluntary balance not otherwise disposed of in accordance with the rules of the Scheme may be either maintained in the Trustee's account to offset against future employer's contributions or returned to the employer.

##### **(o) Proceeds from and payments on subscription and redemption of units**

The net asset value of the constituent funds is computed on each business day. Prices for subscriptions and redemptions on each dealing day are based on the closing valuation of that dealing day.

Proceeds and payments for units subscribed and redeemed are included in the statement of changes in net assets attributable to members of the constituent funds.

##### **(p) Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank, demand deposits with banks and other financial institutions with original maturities of three months or less from the date of placement, and short-term, highly liquid investments that are readily convertible into known amounts of cash which are subject to an insignificant risk of changes in value.

## **SUN LIFE MPF MASTER TRUST**

### **NOTES TO THE FINANCIAL STATEMENTS**

#### **2 Summary of material accounting policies (Continued)**

##### **(q) Redeemable units**

A constituent fund issues redeemable units, which are redeemable at the holder's option represents puttable financial instruments of a constituent fund. Puttable financial instruments are classified as equity in accordance with HKAS 32 (Amendment), "Financial instruments: Presentation" if they meet all the following criteria:

- the puttable financial instruments entitle the holder to a pro-rata share of net asset value;
- the puttable financial instruments are the most subordinated units in issue and unit features are identical;
- there are no contractual obligations to deliver cash or another financial asset; and
- the total expected cash flows from the puttable financial instrument over its life are based substantially on the profit or loss of a constituent fund.

Otherwise, puttable financial instruments are classified as financial liability.

Redeemable units for Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund are recognised as equities while redeemable units for Schroder MPF Capital Guaranteed Portfolio, Schroder MPF Conservative Portfolio, Schroder MPF RMB and HKD Fixed Income Portfolio, Schroder MPF Capital Stable Portfolio, Schroder MPF Stable Growth Portfolio, Schroder MPF Balanced Investment Portfolio, Schroder MPF Growth Portfolio, Schroder MPF International Portfolio, Schroder MPF Asian Portfolio, Schroder MPF Hong Kong Portfolio and Schroder MPF Global Fixed Income Portfolio are recognised as financial liabilities.

The redeemable units of the constituent funds are issued or redeemed at the holder's option at prices based on the constituent funds' net asset value per unit as at the close of business on the relevant dealing day. The constituent funds' net asset value per unit is calculated by dividing the net assets attributable to the members with the total number of outstanding units.

##### **(r) Income tax**

The Scheme is registered under the Ordinance and is therefore a recognised scheme for Hong Kong profits tax purposes. The policy of the Hong Kong Inland Revenue Department ("IRD"), as set out in IRD Practice Note No. 23, is that "recognised retirement schemes and their trustees are not considered to be subject to profits tax on their investment income". Accordingly, no provision for Hong Kong profits tax has been made in the Scheme and its constituent funds' financial statements.

#### **3 Investments**

The Scheme and the Constituent funds did not hold any investments as at 27th September 2024 (date of termination) and 30th September 2023.

**SUN LIFE MPF MASTER TRUST**

**NOTES TO THE FINANCIAL STATEMENTS**

**4 Number of units in issue and net assets attributable to members per unit**

**(a) Net assets attributable to members**

Net assets attributable to members are carried at the redemption amount that would be payable at the period/year end date if the members exercised the right to redeem units in the constituent funds. Redeemable units for Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund are recognised as equities while redeemable units for Schroder MPF Capital Guaranteed Portfolio, Schroder MPF Conservative Portfolio, Schroder MPF RMB and HKD Fixed Income Portfolio, Schroder MPF Capital Stable Portfolio, Schroder MPF Stable Growth Portfolio, Schroder MPF Balanced Investment Portfolio, Schroder MPF Growth Portfolio, Schroder MPF International Portfolio, Schroder MPF Asian Portfolio, Schroder MPF Hong Kong Portfolio and Schroder MPF Global Fixed Income Portfolio are recognised as financial liabilities.

**(b) Number of units in issue and net assets attributable to members per unit**

The net assets attributable to members per unit are calculated by dividing the net assets attributable to members by the number of units in issue at the period/year end. ### NOTES TO THE FINANCIAL STATEMENTS

#### 5 Financial risk management

##### (a) Strategy in using financial instruments

The investment objective of Schroder MPF Capital Guaranteed Portfolio is to achieve a positive return, after expenses, for as long as the investor remains invested in the constituent fund. The investment objective of Schroder MPF Conservative Portfolio is to provide a return, after expenses, which matches or exceeds the Hong Kong dollar savings rate. The investment objective of Schroder MPF RMB and HKD Fixed Income Portfolio is to provide a long term return of capital growth and income in Hong Kong dollars terms through investment in a portfolio consisting mainly of RMB and HKD denominated debt securities. The investment objective of Schroder MPF Capital Stable Portfolio is to achieve a long-term return in line with Hong Kong price inflation (as measured by the Consumer Price Index Type A). The investment objective of Schroder MPF Stable Growth Portfolio is to achieve a long-term return in excess of Hong Kong price inflation (as measured by the Consumer Price Index Type A). The investment objective of Schroder MPF Balanced Investment Portfolio and Schroder MPF Growth Portfolio is to achieve a long-term return in excess of salary inflation in Hong Kong (as indicated by the Hong Kong Monthly Digest of Statistics as published by the Census and Statistics Department of the Government of Hong Kong Special Administrative Region). The investment objective of Schroder MPF International Portfolio, Schroder MPF Asian Portfolio and Schroder MPF Hong Kong Portfolio is to achieve long-term capital growth. The investment objective of Schroder MPF Global Fixed Income Portfolio is to provide security of capital and a comparatively high income return. The investment objective of Schroder MPF Core Accumulation Fund is to provide capital growth to members by investing in a globally diversified manner. The investment objective of Schroder MPF Age 65 Plus Fund is to provide stable growth to members by investing in a globally diversified manner.

Except for the Schroder MPF Conservative Portfolio that invests directly in permitted investments, other constituent funds achieve their respective investment objectives through investing in approved pooled investment funds that are either unit trusts or insurance policies which ultimately invest in equities, debt securities and money market instruments in designated markets. The constituent funds are therefore exposed to market price risk, interest rate risk, credit and custody risk, liquidity risk and currency risk arising from the financial instruments held.

The risks and the respective risk management policies employed by the Scheme and its constituent funds to manage these risks are discussed below:

##### (b) Market price risk

Market price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual instrument or factors affecting all instruments in the market.

All investments present a risk of loss of capital. The constituent funds' market price risk is managed through diversification of the underlying investment portfolio of the approved pooled investment funds held. The constituent funds' overall market positions are monitored on a regular basis by the Investment Manager.

As at 27th September 2024 (date of termination) and 30th September 2023, the constituent funds did not have exposure to the market price risk since the constituent funds did not hold any investment in Underlying Fund nor assets that exposes to significant market price risk.

### NOTES TO THE FINANCIAL STATEMENTS

#### 5 Financial risk management (Continued)

##### (b) Market price risk (Continued)

The Investment Manager has used its view of what would be a "reasonable shift" in each key market to estimate the change for use in the market sensitivity analysis above.

Disclosures above are shown in absolute terms, changes and impacts could be positive or negative. Changes in market index % are revised annually depending on the Investment Manager's current view of market volatility and other relevant factors.

Each constituent fund's investments in Investee Funds are subject to the terms and conditions of the respective Investee Funds' offering documents and are susceptible to market price risk arising from uncertainties about future values of those Investee Funds. The right of the constituent fund to request redemption of its investments in the Investee Funds is on daily basis.

Each constituent fund's maximum exposure to loss from its interests in Investee Funds equal the total fair value of its investments in Investee Funds.

Once the constituent fund has disposed its shares in an Investee Fund, the constituent fund ceases to be exposed to any risk from that Investee Fund.

Each constituent fund's holding in an Investee Fund, as a percentage of the Investee Fund's total net asset value, will vary from time to time dependent on the volume of subscriptions and redemptions at the Investee Fund level. It is possible that each constituent fund, may, at any point of time, hold a majority of an Investee Fund's total units in issue.

As at 27th September 2024 (date of termination) and 30th September 2023, the constituent funds did not hold any investment in Underlying Fund, and no exposure to investments in Investee Funds at fair value by strategy employed in the statement of financial position of each of the constituent fund. There were no capital commitment obligations and no amounts due to Investee Funds for unsettled purchases.

During the period/year ended 27th September 2024 (date of termination) and 30th September 2023, total net gains incurred on investments in Investee Fund is shown as follows:

Constituent funds	Quoted investment funds	For the period from 1st October 2023 to 27th September 2024 (date of termination)		For the year ended 30th September 2023

**(c) Interest rate risk**

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates.

As at 27th September 2024 (date of termination) and 30th September 2023, the majority of the financial assets and liabilities of the Scheme, Schroder MPF Capital Guaranteed Portfolio, Schroder MPF International Portfolio, Schroder MPF Asian Portfolio and Schroder MPF Hong Kong Portfolio are non-interest bearing. As a result, the Scheme and these constituent funds are not subject to significant amounts of risk due to fluctuations in the prevailing levels of market interest rates. Any excess cash and cash equivalents are invested at short-term market interest rates.

For the Schroder MPF Conservative Portfolio, Schroder MPF RMB and HKD Fixed Income Portfolio, Schroder MPF Capital Stable Portfolio, Schroder MPF Stable Growth Portfolio, Schroder MPF Balanced Investment Portfolio, Schroder MPF Growth Portfolio, Schroder MPF Global Fixed Income Portfolio, Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund, the underlying investment funds invest partly in debt securities and money market instruments. These constituent funds are therefore exposed to risk due to fluctuations in the prevailing levels of market interest rates. As at 27th September 2024 (date of termination) and 30th September 2023, these constituent funds did not hold any investments. As a result, these constituent funds are not subject to significant amounts of risk due to fluctuations in the prevailing levels of market interest rates. Any excess cash and cash equivalents are invested at short-term market interest rates.

### NOTES TO THE FINANCIAL STATEMENTS

##### (d) Credit and custody risk

Credit risk is the risk that an issuer or counterparty will be unable or unwilling to meet a commitment that it has entered into with the Scheme and its constituent funds.

The Scheme and its constituent funds' financial assets which are potentially subject to concentrations of credit risk consist principally of bank deposits and assets held with the banks and the custodian.

The Scheme and its constituent funds limit their exposure to credit risk by depositing and transacting the majority of its investments and contractual commitment activities with banks, custodian and counterparties with high credit ratings and that the Scheme and its constituent funds consider to be well established.

The Scheme's financial assets that are potentially subject to concentration of credit risk consist principally of bank deposits of HK\$Nil (30th September 2023: HK\$733,000) which are placed with The Hongkong and Shanghai Banking Corporation Limited with credit rating issued by S&P at the period end of Nil (2023: A-1+).

The constituent funds' financial assets which are potentially subject to concentration of credit risk consist principally of bank deposits and investments held with the custodians. Indirect credit risk from the underlying funds are managed by the investment manager of the underlying funds.

As at 27th September 2024 (date of termination) and 30th September 2023, the constituent funds did not hold any investment with custodians.

The table below summarises the deposits placed with banks at 27th September 2024 (date of termination) and 30th September 2023:

All constituent funds (other than the Schroder MPF Capital Guaranteed Portfolio and Schroder MPF Conservative Portfolio) invested in approved pooled investment funds managed by Schroder Investment Management (Hong Kong) Limited, also the Investment Manager of the Scheme and its constituent funds. As at 27th September 2024 (date of termination) and 30th September 2023, these constituent funds did not hold any investment. As such, these constituent funds are not exposed to significant credit risk.

## SUN LIFE MPF MASTER TRUST

### NOTES TO THE FINANCIAL STATEMENTS

#### 5 Financial risk management (Continued)

##### (d) Credit and custody risk (Continued)

As at 27th September 2024 (date of termination) and 30th September 2023, Schroder MPF Capital Guaranteed Portfolio and Schroder MPF Conservative Portfolio did not hold any investment. As such, Schroder MPF Capital Guaranteed Portfolio and Schroder MPF Conservative Portfolio is not exposed to significant credit risk.

The maximum exposure to credit risk at year end is the carrying amount of the financial assets as shown on the statement of net assets available for benefits for the Scheme and the statement of financial position for the constituent funds.

The Scheme and its constituent funds measure credit risk and expected credit losses using probability of default, exposure at default and loss given default. Management considers both historical analysis and forward looking information in determining any expected credit loss. As at 27th September 2024 (date of termination) and 30th September 2023, the bank balances and amounts receivable on redemption of units in constituent funds can be realised within three months. Management considers the probability of default to be insignificant as the counterparties generally have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit losses as any such impairment would be wholly insignificant to the Scheme and its constituent funds.

##### (e) Liquidity risk

Liquidity risk is the risk that the Scheme and its constituent funds will encounter difficulty in settling a liability.

In accordance with the Mandatory Provident Fund legislation, for the Scheme, the maximum intervals for a request for redemption and the actual payment of accrued benefits (whether from mandatory or voluntary contributions) and a request by the Trustee of the Scheme for redemption and the actual payment to the Trustee of the Scheme of redemption proceeds of the underlying pooled investment funds of any constituent fund will be thirty days.

The constituent funds are exposed to daily cash redemptions of units in the constituent funds. The constituent funds invest the majority of their assets in investments that are considered to be readily realisable.

The financial liabilities of the Scheme and its constituent funds as at 27th September 2024 (date of termination) and 30th September 2023 were due within 1 month based on the remaining period at the period/year end date to the contractual maturity date. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

Units are redeemed on demand at members' option of the constituent funds. However, the Trustee does not envisage that the contractual maturity of less than one month for net assets attributable to members will be representative of the actual cash outflows, as members typically retain them for the long term. As at 27th September 2024 (date of termination) and 30th September 2023, no individual member held more than 10% of any of the Constituent Funds' units.

The Scheme and its constituent funds manage their liquidity risk by investing in investments that they expect to be able to liquidate within 1 month or less. The expected liquidity of all assets of the Scheme and its constituent funds is less than 1 month.

## SUN LIFE MPF MASTER TRUST

### NOTES TO THE FINANCIAL STATEMENTS

#### 5 Financial risk management (Continued)

##### (f) Currency risk

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates.

As at 27th September 2024 (date of termination) and 30th September 2023, the Scheme and its constituent funds did not have any assets or liabilities denominated in currencies other than their functional currency, HK\$. As a result, the Scheme and its constituent funds have no currency exposure.

##### (g) Fair value estimation

The fair value of financial assets and liabilities traded in active markets (such as trading securities) are based on quoted market prices at the close of trading on the period/year end date. The constituent funds utilise the last traded market price as its fair valuation inputs for both financial assets and financial liabilities.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the constituent funds for similar financial instruments.

HKFRS 13 requires the constituent funds to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

## SUN LIFE MPF MASTER TRUST

### NOTES TO THE FINANCIAL STATEMENTS

#### 5 Financial risk management (Continued)

##### (g) Fair value estimation (Continued)

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgment by the constituent funds. The constituent funds consider observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

As at 27th September 2024 (date of termination) and 30th September 2023, the constituent funds did not hold any investments.

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include quoted investment funds. The constituent funds do not adjust the quoted price for these instruments.

Financial instruments that trade in markets that are not considered to be active and are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2.

Investments classified within level 3 have significant unobservable inputs, as they trade infrequently. As of 27th September 2024 (date of termination) and 30th September 2023, the constituent funds did not hold any investments classified in level 3.

For the period/year ended 27th September 2024 (date of termination) and 30th September 2023, there were no transfers between levels of investments held by the constituent funds.

The financial assets and liabilities included in the statement of financial position, are carried at amortised cost; their carrying values are a reasonable approximation of fair value. There are no other assets or liabilities not measured at fair value but for which the fair value is disclosed.

### NOTES TO THE FINANCIAL STATEMENTS

#### 5 Financial risk management (Continued)

##### (h) Capital risk management

The capital of the constituent funds is represented by the units in the constituent funds, and shown as net assets attributable to members in the statement of financial position. The amount of net assets attributable to members for each constituent fund can change significantly on a daily basis as the constituent funds are subject to daily subscriptions and redemptions at the discretion of members. Subscriptions and redemptions of units during the period/year are shown in the statement of changes in net assets attributable to members. The constituent funds' objectives when managing capital is to safeguard their ability to continue as a going concern in order to provide retirement benefits to members and benefits for other stakeholders and to maintain a strong capital base to support the investment activities of the constituent funds.

In order to maintain or adjust the capital structure, the policy of the constituent funds is to perform the following:

- monitor the level of daily subscriptions and redemptions relative to the liquid assets; and
- redeem and issue units in accordance with the trust deed of the Scheme.

The Trustee and the Investment Manager monitor capital on the basis of the value of net assets attributable to members.

The MPFA has approved the merger of the Scheme pursuant to Section 34B of the Ordinance on 23rd August 2023. Subsequently, the termination of the Scheme has been approved by the MPFA on 27 September 2024. Therefore, all assets and liabilities have been transferred to Sun Life Rainbow MPF Scheme.

##### (i) Financial instruments by category of the Scheme and the constituent funds

###### Financial assets

All financial assets as disclosed in the statement of financial position, including bank balances are categorised as "financial assets at amortised cost".

###### Financial liabilities

All financial liabilities as disclosed in the statement of financial position, including other payables are categorised as "other financial liabilities at amortised cost".

##### (f) Bank balances

As at 27th September 2024 (date of termination), the Scheme and its constituent funds placed bank deposits amounted to HK\$Nil (30th September 2023: HK\$733,000) and HK\$Nil (2023: HK\$1,322,000) respectively with related companies of the Trustee. Refer to Note 5(d) for details. For the period ended 27th September 2024 (date of termination), interest income amounted to HK\$3,493 (year ended 30th September 2023 : HK\$2,381) and HK\$3,555 (year ended 30th September 2023: HK\$94,521) have been earned by the Scheme and its constituent funds from the bank deposits placed with the related companies of the Trustee.

#### 7 Payments charged to default investments strategy ("DIS") constituent funds or scheme or members who invest in the constituent funds

In accordance with the Mandatory Provident Fund legislation, the aggregate of the payments for services of the Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund must not, in a single day, exceed a daily rate of 0.75% per annum of the net asset value of each of the Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund divided by the number of days in the period/year.

The above aggregate payments for services include, but is not limited to, the fees paid or payable for the services provided by the Trustee, the Administrator, the Investment Manager, the Custodian and the Sponsor and/or promoter (if any) of each of the Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund and its underlying investment fund(s), and any of the delegates from these parties and such fees are calculated as a percentage of the net asset value of each of the Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund and its underlying investment fund(s), but do not include any out-of-pocket expenses incurred by each of the Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund and their underlying investment fund(s).

In accordance with the Mandatory Provident Fund legislation, the total amount of all payments that are charged to or imposed on a DIS constituent fund or members who invest in a DIS constituent fund, for out-of-pocket expenses incurred by the Trustee on a recurrent basis in the discharge of the Trustee's duties to provide services in relation to a DIS constituent fund, shall not in a single year exceed 0.2% of the net asset value of each of the Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund.

For this purpose, out-of-pocket expenses include, for example, annual audit expenses, printing or postage expenses relating to recurrent activities (such as issuing annual benefit statements), recurrent legal and professional expenses, safe custody charges which are customarily not calculated as a percentage of the net asset value and transaction costs incurred by a DIS constituent fund in connection with recurrent acquisition of investments for the DIS constituent fund (including, for example, costs incurred in acquiring underlying investment funds) and annual statutory expenses (such as compensation fund levy where relevant) of the DIS constituent fund.

Out-of-pocket expenses that are not incurred on a recurrent basis may still be charged to or imposed on a DIS constituent fund and such out-of-pocket expenses are not subject to the above statutory limit.

Payment for services, out-of-pocket expenses and other payment charged to the Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund are disclosed below. Payments for services and out-of-pocket expenses are those defined in the MPF Ordinance.

**INDEPENDENT AUDITOR'S ASSURANCE REPORT**

**FOR THE PERIOD FROM**

**1ST OCTOBER 2023 TO 27TH SEPTEMBER 2024 (DATE OF TERMINATION)**

# **INDEPENDENT AUDITOR'S ASSURANCE REPORT TO THE TRUSTEE OF SUN LIFE MPF MASTER TRUST**

We have audited the financial statements of the Sun Life MPF Master Trust and each of its constituent funds (hereafter referred to as the "Scheme") for the period from 1 October 2023 to 27 September 2024 (date of termination) in accordance with Hong Kong Standards on Auditing and with reference to Practice Note 860.1 (Revised) "The Audit of Retirement Schemes" issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"), and have issued an unqualified auditor's report thereon dated 3 December 2024.

Pursuant to section 102 of the Hong Kong Mandatory Provident Fund Schemes (General) Regulation (the "General Regulation"), we are required to report whether the Scheme complied with certain requirements of the Hong Kong Mandatory Provident Fund Schemes Ordinance (the "Ordinance") and the General Regulation.

## **Trustee's Responsibility**

The General Regulation requires the Trustee to ensure that:

- (a) proper accounting and other records are kept in respect of the constituent funds of the Scheme, the Scheme assets and all financial transactions entered into in relation to the Scheme;
- (b) the requirements specified in the guidelines made by the Mandatory Provident Fund Schemes Authority (the "MPFA") under section 28 of the Ordinance with respect to forbidden investment practices and the requirements of sections 37(2), 51 and 52 and Part X of, and Schedule 1 to, the General Regulation are complied with;
- (c) the requirements under sections 34DB(1)(a), (b), (c) and (d), 34DC(1), 34DD(1) and (4) of the Ordinance are complied with; and
- (d) the Scheme assets are not subject to any encumbrance, otherwise than as permitted by the General Regulation.

## **Our Independence and Quality Management**

We have complied with the independence and other ethical requirements of the Code of Ethics for Professional Accountants issued by the HKICPA, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

Our firm applies Hong Kong Standard on Quality Management 1 issued by the HKICPA, which requires the firm to design, implement and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

# **INDEPENDENT AUDITOR'S ASSURANCE REPORT TO THE TRUSTEE OF SUN LIFE MPF MASTER TRUST (Continued)**

## **Auditor's Responsibility**

Our responsibility is to report solely to the Trustee, in accordance with section 102 of the General Regulation, on the Scheme's compliance with the above requirements based on the results of the procedures performed by us, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our engagement in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other Than Audits or Reviews of Historical Financial Information" and with reference to PN 860.1 (Revised) "The Audit of Retirement Schemes" issued by the HKICPA. We have planned and performed our work to obtain reasonable assurance on whether the Scheme has complied with the above requirements.

We have planned and performed such procedures as we considered necessary with reference to the procedures recommended in PN 860.1 (Revised), which included reviewing, on a test basis, evidence obtained from the Trustee regarding the Scheme's compliance with the above requirements.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## **Opinion**

Based on the foregoing:

- (a) in our opinion:
  - (i) proper accounting and other records have been kept during the period from 1 October 2023 to 27 September 2024 (date of termination) in respect of the constituent funds of the Scheme, the Scheme assets and all financial transactions entered into in relation to the Scheme; and
  - (ii) the requirements specified in the guidelines made by the MPFA under section 28 of the Ordinance with respect to forbidden investment practices and the requirements of sections 37(2), 51 and 52 and Part X of, and Schedule 1 to, the General Regulation have been complied with, in all material respects, as at 27 September 2024 (date of termination), 31 May 2024 and 29 December 2023; and
  - (iii) the requirements specified in the Ordinance under sections 34DB(1)(a), (b), (c) and (d), 34DC(1) and 34DD(1) and (4)(a) with respect to the investment of accrued benefits and control of payment for services relating to Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund have been complied with, in all material respects, as at 27 September 2024 (date of termination), 31 May 2024 and 29 December 2023; and
  - (iv) the requirements specified in section 34DD(4)(b) of the Ordinance with respect to the controls of out-of-pocket expenses of Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund have been complied with, in all material respects, as at 27 September 2024 (date of termination).
- (b) as at 27 September 2024 (date of termination), the Scheme assets were not subject to any encumbrance, otherwise than as permitted by the General Regulation.

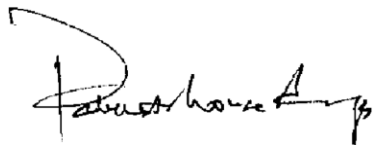

**INDEPENDENT AUDITOR'S ASSURANCE REPORT TO THE TRUSTEE OF  
SUN LIFE MPF MASTER TRUST  
(Continued)**

**Other Matter**

The requirement(s) specified in the Ordinance under section(s) 34DI(1) and (2) and 34DK(2) with respect to the transfer of accrued benefits to an account and specified notice, and 34DJ(2), (3), (4) and (5) with respect to locating scheme members relating to Schroder MPF Core Accumulation Fund and Schroder MPF Age 65 Plus Fund are not applicable to the Trustee during the period from 1 October 2023 to 27 September 2024 (date of termination) as the Trustee has completed the relevant transitional provisions during the years 30 September 2017 and 30 September 2018. Accordingly, there is no reporting on these sections.

**Intended Users and Purpose**

This report is intended solely for submission by the Trustee to the MPFA pursuant to section 102 of the General Regulation, and is not intended to be, and should not be, used by anyone for any other purpose.
